Scott Mozingo Product Manager

"This year, I couldn't pick just one favorite variety, so I picked the new small-space concept we're calling Take 2 Tomato Combos! Small-space gardening has really taken off, and Burpee has been introducing a lot of great varieties that work well in smaller areas. We often use the statement 'hard-working products for small spaces,' and this new concept is definitely a hard-working performer. I've trialed a lot of combinations of our varieties, and these three were right on target. The union of a delicious slicer and a sweet cherry tomato in one container, ripening at the same time, with the same size plants? Perfection."

Small Spaces

For those that don't have a large outdoor space to work in, Burpee offers exciting varieties that can be grown in containers on an urban balcony, a high-rise rooftop or a backyard deck. Find big garden and culinary enjoyment in a tiny footprint.

Quality You Can Count On

A known and trusted brand for over **135 years**, Burpee has continuously delivered the vegetables, herbs and flowers that consumers demand. Turn the page for more of the latest introductions, must-have exclusives and reliable favorites from our selection of quality, vigorous plants to help you design the right program for your customers.

Exclusively Burpee!
New Madame Marmande Tomato - page 42

New Chocolate Sprinkles Tomato - page 38

Denielle Noe **Program Administrator**

"My new favorite tomato is Madame Marmande. Marmande tomatoes are super-popular in Europe and they are gaining appeal here in the U.S., too. They are simply delicious pan-fried in olive oil and placed on some toasted bread. You can give this easy recipe some extra zest by adding Greek basil. Madame Marmande is a must-have in my garden and on my table!"

Kitchen Favorites Patio-Ready Herb Combo - page 57

Exclusively Burpee!
New Cupcake Summer Squash - page 29

Tiffany Heater Program Representative

"I love Burpee's New Cupcake Squash! This hybrid cross combines the great flavor of a Patty Pan with the thin, edible skin of a zucchini! Its large cupcake shape makes it the perfect squash for stuffing. Each plant grows several dozen fruits that are fantastic for any foodie!"

Foodie Fresh

For this group, eating goes beyond simply satisfying hunger or convenience to masterminding a sublime experience. Burpee offers new and unique varieties of specialized and flavorful vegetables that are essential to creating these culinary adventures. Best of all, foodies can grow these right in their own backyard.

Amazing Veggies

Exclusively Burpee!
SuperSauce - page 47

Tim Duffin Brand Manager

"Burpee has always been known for introducing the best of the best when it comes to veggies that make WOW statements in the garden. I remember my grandfather growing Burpee plants and making a big deal about how big his tomatoes were getting, or how many peppers he was able to pick. Whether it's the breakthrough breeding of SuperSauce, or the amazing size of SteakHouse Hybrid, or the garden performance of new Cloudy Day, Burpee offers the most memorable, and most exclusive, varieties today that are destined to be tomorrow's favorites."

Exclusively Burpee!
New Pesto Party Basil - page 51

Michael Annes Program Representative

"I have always looked to Burpee for outstanding garden-performing varieties for my own garden, and now I'm excited to be selling these amazing varieties as a part of the Burpee team. Products like Burpee's new Pesto Party Basil truly are revolutionary and will be great for growers, retailers and home gardeners. Pesto Party is absolutely the latest flowering basil that comes from seed. With no flowers appearing, you'll continue to harvest large sweet basil leaves longer than any other type from seed. Pesto Party also has intermediate resistance to downy mildew, a common problem for basil growers, so nothing's going to stop this party!"

Find more new varieties starting on page 15.

Amazing Veggies

You'll find the Best of the Best with Burpee's amazing vegetable collections. When it comes to colossal veggies, superior quality and abundant yields, these plants top the charts. They also offer great taste and texture, along with versatility of use - a win-win any way you slice it!

Inspire Today's Gardener

All-new Burpee lifestyle-focused POP combines with our branded merchandising to hit the bullseye with garden center shoppers and increase retail sell-through. Bright and energetic, each of the three sets cuts through the clutter and draws customers to benches and racks like a magnet. Whether their outdoor space is limited, they're into all things culinary, or they simply want to hold bragging rights for the biggest and best harvest...you'll reap the benefits this FREE* signage delivers.

Burpee branded pots inspire shoppers to take home plants they can trust.

Bench cards help shoppers decide which plants to buy.

Tags provide detailed growing information.

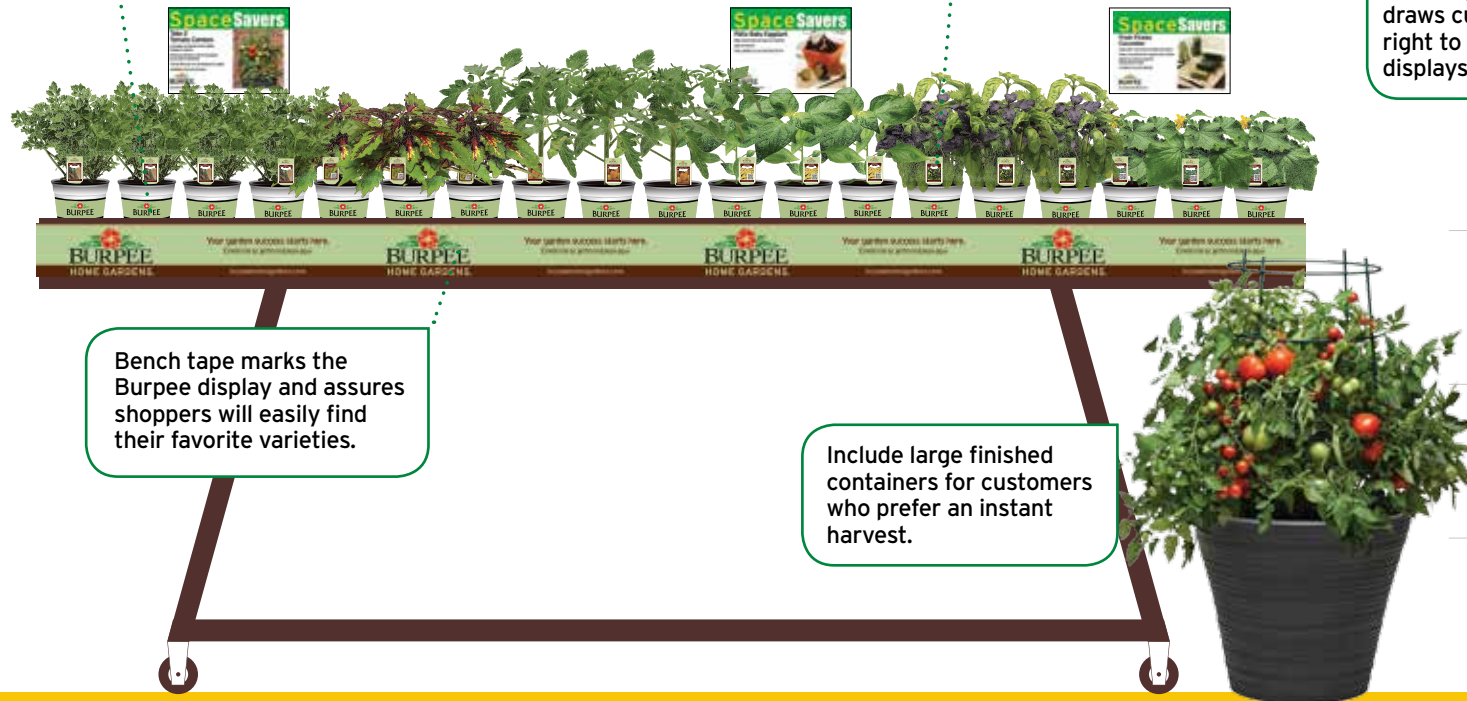

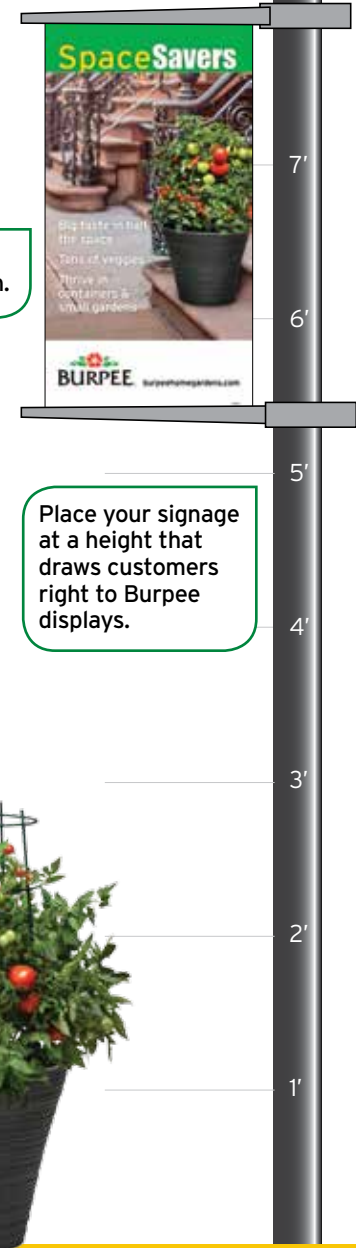

Banners pull your customers in.

Place your signage at a height that draws customers right to Burpee displays.

Bench tape marks the Burpee display and assures shoppers will easily find their favorite varieties.

Include large finished containers for customers who prefer an instant harvest.

*Just pay shipping and handling.

More options than any other brand

Your choice of pots & tags

We know how to reach consumers

Consumers want to quickly and easily find information on how to grow the tastiest vegetables, most flavorful herbs and amazing flowers at any time of the day or night. At **BurpeeHomeGardens.com**, we provide 24/7 digital access to best practices, growing tips and product information, along with inspirational ideas and delectable recipes. It's all available when and where you need it.

Garden Coach

The Burpee Garden Coach app provides timely tips via easy-to-view email - what to plant, when to harvest and how to maintain a thriving garden from the start of the season to its end - including a helpful herbs track! Sign up at **BurpeeCoach.com**.

From podcasts to instructive videos and downloads, gardeners connect with a wealth of information on **BurpeeHomeGardens.com**.

My Garden Designer

The My Garden Designer mobile app gives customers hundreds of fillers, thrillers and spillers to create thousands of combos! It instantly delivers flower color, height and compatibility, so customers can make a winning mixed container or multi-variety garden bed. **BurpeeCoach.com/MyDesigner**

Access anywhere, anytime

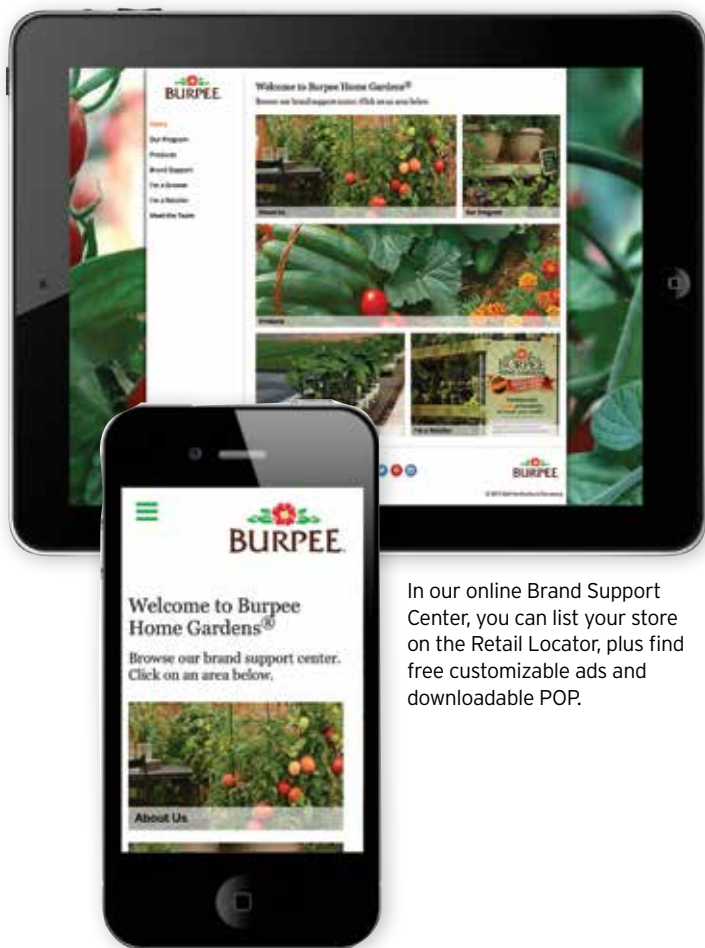

We're connecting with consumers in many ways.

We know brand support

No other program gives growers and retailers all the culture information and consumer marketing options that you'll get from Burpee - all easily accessible online. See our entire lineup and get the latest growing information. View photos and instructional videos and download free customizable POP materials. We have everything you need for a successful selling season at **BurpeeHomeGardensBrand.com!**

In our online Brand Support Center, you can list your store on the Retail Locator, plus find free customizable ads and downloadable POP.

Customizable Ad Layouts

*Exclusively Burpee!

BUSH BEAN

Exclusively Burpee!

New Beananza

Height: 15 in. (38 cm)

Spread: 10 in. (25 cm)

Days to harvest: 45

Perfect for small-space gardens! This high-yielding dwarf French bean plant offers loads of 6 to 7-in. (15 to 17-cm) beans with good flavor and no strings. It features a long harvest, too, so you get more of these tasty beans over the season. *A Space Saver variety.*

Blue Lake Bush

Height: 12 to 22 in. (30 to 55 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 52-65

Get improved flavor and tenderness in a virtually stringless bean. It's a heavy producer over a long season, and is excellent fresh or frozen. We find the beans to be at their peak when 6.5 in. (16 cm) long. Enjoy a bountiful and extended harvest by picking daily.

BROCCOLI

Destiny F1

Height: 24 to 30 in. (60 to 75 cm)

Spread: 24 in. (60 cm)

Days to harvest: 70-75

This mid-early, compact, heat-tolerant broccoli variety features medium-small green beads, a smooth dome and a round shape. A flavorful source of vitamins A and C. Suited for Fall harvest when planted in Summer.

BRUSSELS SPROUTS

Franklin

Height: 24 to 30 in. (60 to 75 cm)

Spread: 12 to 24 in. (30 to 60 cm)

Days to harvest: 80

These 1-in. (2-cm) sprouts look like miniature heads of cabbage, and are tasty when steamed just to the point of tenderness or enjoyed raw. Their flavor is improved by a few light frosts. Grow Franklin as a Fall crop in the North and as a Fall and Winter crop in frost-free areas. With less-woody stalks than other varieties, whole stem harvest is possible.

Growers know

"Burpee has given my company a positive experience in providing our customers with a well-known brand and fantastic product line. We are grateful to have the brand, the product and the marketing support of Burpee to share with our customers."

**Norman Keil, Owner,
N&O Horticultural Products,
Saint James, New York**

Raab Zamboni

Height: 24 to 30 in. (60 to 75 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 70

Our Italian broccoli (Spring Rapini) has green shoots and tasty, mustardlike leaves with a captivating flavor. It's a favorite choice for Italian and Chinese cooking. Try it sautéed with garlic and olive oil, fresh in salads or cooked in soups. Cut 6-in. (15-cm) pieces when the "broccolis" are the size of a quarter. A great source of vitamins A, C and K, as well as potassium.

CABBAGE

Big Flat Head

Height: 12 to 18 in. (30 to 45 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 80-85

This flat specialty cabbage is a standout for its big, mild-tasting leaves - up to 30 per head - that make terrific sandwich wraps. The very sweet, tender, green and white heads each weigh in at 5 to 7 lbs. (2.2 to 3.2 kg). With its very short core and less dense interior for easy slicing and shredding, this is also a great choice for cole slaws and cooking.

Fast Vantage

Height: 12 to 18 in. (30 to 45 cm)
Spread: 18 to 24 in. (45 to 60 cm)
Days to harvest: 59

Fast Vantage matures quickly, resulting in 2.5-lb. (1-kg), medium green heads up to 6 weeks earlier than other cabbage varieties. Try this early-season, uniform cabbage for sauerkraut and cole slaw. Cabbages can take some heat, but they love the cold, which means that you can have a cabbage or two gracing the garden in Spring and Fall, as well as Summer.

CAULIFLOWER

Snow Crown

Height: 12 to 18 in. (30 to 45 cm)
Spread: 18 to 24 in. (45 to 60 cm)
Days to harvest: 50

Snow Crown offers quick growth and strong vigor. It produces big yields of fully domed white heads up to 8 in. (20 cm) across, weighing 1 to 2 lbs. (454 to 908 g). May be eaten raw, cooked, pickled or frozen. Snow Crown holds its eating quality for up to 10 days in the garden. May show a light pink blush when it matures in Summer's heat.

Primer

Height: 12 to 18 in. (30 to 45 cm)
Spread: 18 to 24 in. (45 to 60 cm)
Days to harvest: 72

Grow a tasty red cabbage in less space! Compact, productive plants bear perfectly round, 2 to 3-lb. (0.9 to 1.4-kg), dark red heads with sweet flavor. Performs well in heat and resists splitting, so heads can be held if harvest is delayed. A great add-on to your green cabbages to create in-store interest and satisfy the demand for great varieties.

CELERY

Tango

Height: 18 to 24 in. (45 to 60 cm)
Spread: 8 to 12 in. (20 to 30 cm)
Days to harvest: 80

A treat to eat, Tango produces tender, very smooth stalks that are super-sweet and never stringy. No part of this popular vegetable will go to waste: the 18 to 20-in. (45 to 50-cm) stalks are great for raw eating, or use them in soups and stews; the seeds can be harvested for flavoring many recipes; and the leaves are great in salads and as a garnish.

For **Peppermint Stick Herb Celery**, see page 52.

PICKLING CUCUMBER

Exclusively Burpee!

Fresh Pickles F1 Cucumber

Height: 8 to 10 in. (20 to 25 cm)

Spread: 36 to 54 in. (90 to 135 cm)

Days from transplant to ripe fruit: 45 to 50

Planter-perfect variety produces up to 50 crunchy cucumbers per plant on (compact) 4-ft. vines. Fast-turn crop is ideal for selling in large containers in bloom or with small fruit developing. Fruit grows to 5 in. (13 cm) and makes exceptional pickles. *A Space Saver variety.*

Homemade Pickles

Height: 8 to 10 in. (20 to 25 cm)

Spread: 48 to 60 in. (120 to 150 cm)

Days to harvest: 55

The name says it all – you can't grow a better cucumber for pickling! Vigorous, semi-bush plants are perfect for small gardens and containers, yielding plenty of solid, crisp, 5 to 6-in. (13 to 15-cm) fruits. Also good sliced fresh in salads.

SLICING CUCUMBER

Exclusively Burpee!

BOOST Gold Standard

Height: 8 to 10 in. (20 to 25 cm)

Spread: 48 to 60 in. (120 to 150 cm)

Days from transplant to ripe fruit: 49

With excellent eating quality, Gold Standard can produce five times the amount of beta-carotene of other garden cucumbers.* The attractive, 6 to 8-in. (15 to 20-cm) fruit have light green skin and light salmon-toned flesh. Good for pickling as well as eating fresh.

* Based on cucumbers grown under our trial conditions, harvested when ready to eat and peeled. Actual harvest results may vary.

Over 135 Years

1894: Burpee introduces **Iceberg Lettuce**, the world's first crisphead lettuce, and **Burpee's Stringless**, the world's first "string-less" green bush bean.

1945: Burpee introduces **Burpee Hybrid Cucumber** and **Fordhook Hybrid Tomato**.

1975: Burpee introduces **Ambrosia Hybrid Cantaloupe** and **Early Girl Hybrid Tomato**.

2015: Burpee introduces **Thunderbolt Sweet Pepper**, a huge Marconi-style sweet pepper that grows over 1 ft. (30 cm) long!

Burpee Hybrid II

Height: 8 to 10 in. (20 to 25 cm)
Spread: 48 to 60 in. (120 to 150 cm)
Days to harvest: 55

This slicing cuke has cool, crisp flesh with great flavor. The early, high-yielding plant produces very straight fruits that are excellent for slicing. The cucumbers are best when picked at 7 to 8 in. (18 to 20 cm) in length.

Exclusively Burpee! Bush Champion

Height: 8 to 10 in. (20 to 25 cm)
Spread: 24 to 36 in. (60 to 90 cm)
Days to harvest: 55

You won't believe the large number of crisp, bright green cucumbers you'll harvest from Bush Champion. These compact plants are perfect for small gardens and patio containers, producing huge 11-in. (28-cm) cucumbers for slicing. Amazing flavor and wide adaptability make this our favorite mini. A *Space Saver* variety.

EGGPLANT

Exclusively Burpee! Early Midnight

Height: 30 to 36 in. (75 to 90 cm)
Spread: 32 in. (80 cm)
Days to harvest: 55

Early Midnight is nearly seedless, so even if left on the vine too long, the mid-size fruit is extra tasty. Plump and dark-skinned, the 6-in. (15-cm) eggplants boast creamy white flesh with light, gourmet-worthy flavor. *Ready to harvest a full week earlier and produces 2 to 3 more fruit than other eggplants.*

Patio Baby F1

Height: 16 to 20 in. (40 to 50 cm)
Spread: 18 to 22 in. (45 to 55 cm)
Days from transplant to ripe fruit: 45

This All-America Selections Regional Winner is cute as a button! Compact plants produce baby-size eggplants early and often. Equally at home in a container or in the garden, Patio Baby yields purple-black fruits that are 2 to 3 in. (5 to 7 cm) long. Plus, Patio Baby has thornless leaves and calyx, for an easy, painless harvest. A *Space Saver* variety.

Burpless No. 26

Height: 8 to 10 in. (20 to 25 cm)
Spread: 48 to 60 in. (120 to 150 cm)
Days to harvest: 70

This very compact and productive Japanese-type cucumber has smooth, dark green fruit that is crisp and tasty with a non-bitter flavor. We recommend staking these cucumbers because the fruit gets quite heavy. For best flavor and quality, pick when 8 to 10 in. (20 to 25 cm) long.

Patio Snacker F1

Height: 8 to 12 in. (20 to 30 cm)
Spread: 36 to 48 in. (90 to 120 cm)
Days to harvest: 39

Well-branched, short, vining variety is perfect for large containers with small trellises. Fast-growing plants produce early, continuous, high yields of 8-in. (20-cm) dark green fruit with great flavor and a nice crunch. A *Space Saver* variety.

Exclusively Burpee! New Meatball

Height: 30 to 35 in. (75 to 90 cm)
Spread: 30 to 35 in. (75 to 90 cm)
Days to harvest: 58

Vegetarians and foodies will love using this eggplant to make tasty meatless "meatballs." The fruit has a high moisture content to slow oxidization, so it won't turn brown quickly and stays fresher looking for longer. Low seed count means the fruit is less bitter, making it perfect for preparing dishes like eggplant "burgers." A *Space Saver* variety.

Exclusively Burpee! White Star Hybrid

Height: 24 to 36 in. (60 to 90 cm)
Spread: 18 to 25 in. (45 to 63 cm)
Days to harvest: 65

A white eggplant...easy to grow and perfect for cooking, too! Ideal for Italian and Asian dishes, these unique eggplants grow tall and vigorous, preferring the sunniest spot in the garden and a stake for support. Expect large yields of tasty, high-quality, 5 to 7-in. (13 to 18-cm) fruit that can be picked early or left to mature. A *Space Saver* variety.

FENNEL

Orion

Height: 20 to 24 in. (50 to 60 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Days to harvest: 80

Delicate licoricelike flavor and aroma are perfect for salads, or use with eggs, fish and sauces. The thick, rounded bulbs grow above ground and are much larger than older types. This Italian cool-season vegetable is great for planting later in the Summer to harvest in mid to late Fall, and can withstand light frosts.

SimplySalad® Kale Storm Mixture

Height: 12 to 24 in. (30 to 60 cm)

Spread: 12 to 24 in. (30 to 60 cm)

Days to harvest: 60 to 80

Healthy, high-demand “superfood” is now available in SimplySalad! It includes varieties that deliver an attractive assortment of textures and colors. Both edible and ornamental, Kale Storm lasts longer in the container than lettuce and won't bolt. Can also be planted in the ground for all-season harvesting. Cut only the outer leaves for longer harvest. Supplied as Precision Multi-Pellets.

LETTUCE

Buttercrunch

Height: 8 to 12 in. (20 to 30 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Days to harvest: 65-70

Top-quality Bibb-type variety with a buttery texture and 4 to 5-in. (10 to 12-cm) heads that are dark green outside, creamy yellow inside. Best picked minutes before your meal, this All-America Selections Winner is easy to grow. It prefers moderately moist, well-fertilized soil. Plant a few at two-week intervals for a continuous supply.

Exclusively Burpee!

Little Caesar

Height: 8 to 12 in. (20 to 30 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Days to harvest: 70

The right lettuce for Caesar salads, these tall heads have sweet, crisp leaves and are perfect for small gardens. This excellent romaine produces tasty green outer leaves and golden blanched inner leaves that taste best when picked minutes before your meal.

KALE

Red Russian

Height: 12 to 18 in. (30 to 45 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Days to Harvest: 50

Dark green oak-leaf cut leaves with red/purple hues that intensify after frost. It has a tender, sweet taste when cooked, but it is also good when eaten fresh. Very hardy and disease-resistant.

KOHLRABI

Quickstar

Height: 8 to 12 in. (20 to 30 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Days to harvest: 50

Quick to mature and slow to bolt, with uniform, 5.5-oz. (150-g), green-skinned edible bulbs below dark green, slightly broad leaves. It can be boiled, stir-fried in strips, grated for salads or eaten raw like a radish. Harvest bulbs when they are the size of an apple or at “baby” size. Store bulbs from the Fall crop in a cool, frost-free place for Winter use.

Exclusively Burpee!

Heatwave Blend

Height: 8 to 12 in. (20 to 30 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Days to harvest: 50-60

Feast your eyes and your palate on this blend of heat-loving lettuces. Includes fresh green, purple-red, crispy types; deep to bright green romaines; oak-leaved; crisped-frilled; broad, soft looseleaf; and savory, bronze-purple, fern-leaved lettuces. These lettuces remain productive and tasty longer. *A Space Saver variety.*

Exclusively Burpee!

Gourmet Blend

Height: 8 to 12 in. (20 to 30 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Days to harvest: 45

Our popular looseleaf blend is selected for a long harvest and includes Grand Rapids, Royal Oak Leaf, Red Salad Bowl, Salad Bowl and Ruby. Plant early in Spring or Fall, as it grows best in cool weather. Fast-growing and best picked just before eating. *A Space Saver variety.*

MULTI-SEED PELLET LETTUCE

Exclusively Burpee!

BOOST Healing Hands Salad Mix

Height: 8 to 12 in. (20 to 30 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Days to harvest: 42

Grow different colors, flavors and textures of salad greens, all from one multi-seed pellet! Sow directly in the final container, cutting down an already short crop time, for a healthy mix. Harvest every 3 weeks by cutting back to 2 in. (5 cm) and regrow several times for more fresh salads. Supplied as multi-seed pellets. A *Space Saver* variety.

The average BOOST mix can produce 20% more lutein, 30% more beta-carotene, 30% more total carotenoids and 70% more anthocyanins than other garden salad blends.*

*Based on the average mix of selected varieties. Healing Hands Salad Mix is grown under our trial conditions and harvested when ready to eat. Actual harvest results may vary.

Alfresco Mix

Height: 12 in. (30 cm)

Spread: 12 in. (30 cm)

Days to harvest: 14-21

Grow your own truly garden-fresh salads! This colorful and nutritious mix includes red and green leaf lettuces with arugula, endive and radicchio to give a true Mediterranean flavor and look. Harvest fresh salads over and over by cutting back to 2 in. (5 cm). Supplied as multi-seed pellets. A *Space Saver* variety.

City Garden Mix

Height: 12 in. (30 cm)

Spread: 12 in. (30 cm)

Days to harvest: 14-21

Simply step out onto your balcony or patio and snip off a salad to enjoy in moments! City Garden Mix features traditional red and green lettuces that are easy on the palate and make colorful fresh salads. Great for sandwich garnishes, too. Harvest fresh salads over and over by cutting back to 2 in. (5 cm). Supplied as multi-seed pellets. A *Space Saver* variety.

MELON

Ambrosia

Height: 8 to 12 in. (20 to 30 cm)

Spread: 36 to 54 in. (90 to 135 cm)

Days to harvest: 86

Exotic cantaloupe hybrid with flesh that is very sweet, tender and pale orange in color and a flavor described as "a combination of all melons plus flowers." Extra-sweet and juicy, these 6-in. (15-cm) melons are good right down to the rind. Melons will slip off the vine when ripe.

Sugar Cube F1

Height: 12 to 18 in. (30 to 45 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Days to harvest: 81

Personal-size mini-cantaloupes pack plenty of sweet taste! Perfect for small gardens and small appetites, each plant produces multiple 2-lb. (908-g) cantaloupes with deep orange flesh that measures a sweet 14% sugar content on the Brix scale. Plus, Sugar Cube features the best disease resistance of any melon, making it as easy to grow as it is good to eat.

OKRA

Exclusively Burpee!

New Baby Bubba

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 53

A cool dwarf plant for small spaces! Grows just half the height of standard okra plants, but with full-sized fruit. This narrow upright plant grows well in 12 to 14-in. (30 to 35-cm) containers for the patio. A must-have ingredient in gumbo! A *Space Saver* variety.

Clemson Spineless

Height: 36 to 48 in. (90 to 120 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Days to harvest: 56

Painless picking and full flavor! Hardy plants produce an abundance of dark green, straight, spine-free pods that are great for soups, stews and relishes. Pods grow up to 9 in. (21 cm) long, but are best picked when about 3 in. (7 cm) long and still tender.

ONION

Red Zeppelin

Height: 8 to 12 in. (20 to 30 cm)

Spread: 2 to 4 in. (5 to 10 cm)

Days to harvest: 110

This hybrid storage onion is a real crowd pleaser, producing colossal, dark red, globe-shaped onions. It's widely adaptable and stores up to an amazing 8 months. Another plus: long-day Red Zeppelin resists pink root and fusarium basal rot.

Yellow Sweet Spanish

Height: 8 to 12 in. (20 to 30 cm)

Spread: 2 to 4 in. (5 to 10 cm)

Days to harvest: 115

One of the most popular for gardeners, this jumbo-sized onion is mild with golden brown skin. These golden onions produce fruit up to 1 lb. (454 g) and their great flavor lasts longer than most other varieties. Yellow Sweet Spanish onions are gardeners' favorites because they grow quickly without much effort. You will be able to harvest your onions less than four months after planting.

PEA

Exclusively Burpee!

Masterpiece F1

Height: 28 to 32 in. (70 to 80 cm)

Spread: 26 to 30 in. (65 to 75 cm)

Days to harvest: Foliage, 24; pods for shelling, 60

Parsley-like tendrils and peas are edible and delicious! The young tendrils offer delicate Spring flavor. Peas have a sweet, fresh flavor and aroma. Plants benefit from the use of a trellis and offer Fusarium and Powdery Mildew resistance. A *Space Saver* variety.

*The first color listed is the stage when picking is most preferred; the additional colors indicate the mature stage, with more intense flavor or heat.

SWEET BELL

These blocky, multi-lobed varieties range from green and red to yellow, orange, purple, white and even chocolaty brown. Excellent eaten fresh, bells are also a favorite for stuffing and other culinary uses.

SWEET

These sweet non-bell peppers come in a tempting array of shapes, sizes, colors and flavors for eating fresh or cooking. Very low in calories, they are extremely high in vitamin C.

HOT

Add zest, flavor and heat with hot peppers! With selections that range from spicy to sizzling, in a variety of shapes, textures and colors, they can be used fresh, cooked or dried.

SWEET BELL PEPPER

Baron

Height: 24 to 36 in. (60 to 90 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 70-72

The aristocrat of bell peppers, bright red Baron is distinguished by high yields of blocky, 4-in. (10-cm) long fruits. Thick-walled, with heavy flesh, Baron is excellent for eating fresh, roasting and stuffing. *A Space Saver variety.*

Big Bertha

Height: 24 to 30 in. (60 to 75 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 72

Big Bertha produces thick-walled, crisp peppers that are extremely sweet. Up to 7 in. (18 cm) long, the fruit matures from dark green to shiny red. They don't produce many seeds, making them excellent for slicing, as well as stuffing and salads. For maximum flavor, eat the same day they are picked. Easy to grow in any garden.

Exclusively Burpee!

Cherry Stuffer F1

Height: 24 to 32 in. (60 to 80 cm)

Spread: 28 in. (70 cm)

Days to harvest: 73

These compact plants produce loads of "snackable, stuffable, grillable" peppers, about 2 in. (5 cm) in diameter. The fruit shape resembles popular Cherry Bomb, but with less heat and more sweet. Fruit matures from green to red. And it's Tobacco Mosaic Virus-resistant! *A Space Saver variety.*

Pinot Noir

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 70

Light green when young, the large blocky fruits blush to shades of citrus, berry and cherry red, displayed simultaneously for a beautiful bouquet. Firm, thick-walled fruits are crisp and very sweet, with a clean, refreshing aftertaste, produced on highly adaptable plants that set in cool weather as well as in hot, humid conditions.

Better Belle II

Height: 24 to 30 in. (60 to 75 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 75

Better Belle II yields plenty of shiny, 4.5-in. (11-cm) fruit that ripens from green to red. Thick-walled and tasty, it's perfect for slicing, stuffing or baking. *A Space Saver variety.*

Exclusively Burpee!

Candy Apple

Height: 20 to 26 in. (50 to 65 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 71

Producing heavily, the great-tasting, blocky sweet bell peppers are perfect for eating fresh, stuffing or using in soups or chili. Candy Apple is sweet and flavor-filled at both green and red stages. *A Space Saver variety.*

Exclusively Burpee!

Great Stuff Hybrid

Height: 18 to 24 in. (45 to 60 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 75

These jumbo, 7-in. (18-cm) long and 5-in. (13-cm) wide peppers are versatile in the kitchen, perfect for stuffing, roasting and slicing. Great Stuff is easy to grow and productive all Summer long, ripening from green to dark red. It's also resistant to pests, making this a favorite in any garden!

SWEET PEPPER

Exclusively Burpee!

Bananarama

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 70

If you like tasty banana peppers, you'll love this whopper, which produces much bigger, meatier peppers on much smaller plants. These giant peppers start yellow and mature orange-red, so you can pick them at any stage you like. Great for pickles, salads or grilling.

Exclusively Burpee!

Big Daddy Hybrid

Height: 18 to 24 in. (45 to 60 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 73

Big Daddy produces jumbo, 8 to 10-in. (20 to 25-cm), Marconi peppers in three months. These gigantic peppers are great-tasting grilled, sautéed, stir-fried, roasted or stuffed. Versatile in the kitchen, try roasting with red peppers for an attractive combo. Keep a few stakes handy in case the stalks begin to bend.

Flavorburst Hybrid

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 72

A Burpee taste test winner, Flavorburst beat out hundreds of other sweet peppers with the most crisp, juicy and sweet flavor. These easy-to-grow peppers produce a bountiful harvest of golden 5-in. (13-cm) long fruit. You might need to stake your plants if the stalks begin to bend. A *Space Saver* variety.

Exclusively Burpee!

Sweet Savour F1

Height: 24 to 32 in. (60 to 80 cm)

Spread: 24 to 32 in. (60 to 80 cm)

Days to harvest: 70-75

This smaller plant is perfect for patio planters and small gardens. The beautiful and tasty tricolor fruit look like hot peppers but eat like sweet peppers. This versatile variety can be marketed as both an edible and an ornamental, for homegrown flavor and beauty in the backyard. A *Space Saver* variety.

Exclusively Burpee!

Costa Rican Sweet Hybrid

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 70

Costa Rican Sweet is a truly tasty pepper that's easy to grow in gardens and patio pots - it's ready to pick in less than three months. These 6-in. (15-cm), ruby red peppers have more flavor than most sweet bells. Perfect for salads and dips, they're also delicious roasted or grilled.

Exclusively Burpee!

New Lemon Dream F1

Height: 18 in. (45 cm)

Spread: 12 in. (30 cm)

Days to harvest: 70

Sport of Tangerine Dream, with lemony yellow peppers. Very high yielding, offering lots of 3-in. (7-cm) long, thick-walled peppers with a mild, sweet taste. Put this shorter plant in a pot with Tangerine Dream for a delightful color mix of yellow and orange fruit. A *Space Saver* variety.

Exclusively Burpee!

Tangerine Dream

Height: 12 to 18 in. (30 to 45 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 70

The look says heat, but the flavor is sweet! Shiny orange-red peppers pack a lot of flavor with just a hint of heat. Compact bush is covered with 3 x 1.5-in. (7 x 3.5-cm) fruit, making it a beautiful ornamental patio plant as well. A *Space Saver* variety.

Exclusively Burpee!

Thunderbolt F1

Height: 36 to 40 in. (90 to 100 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 65-80

Huge Marconi sweet peppers deliver exceptional flavor and texture, with thick walls for a satisfying crunch! Great fresh, fried or stuffed. These bold plants produce big yields of tapered, 13-in. (33-cm) peppers that mature from green to red, for appealing color along with great taste. And they feature disease resistance to Tobacco Mosaic Virus and Tomato Spotted Wilt Virus. Ideal garden or large-container peppers.

HOT PEPPER

Exclusively Burpee!

Big Guy Jalapeño

Height: 18 to 24 in. (45 to 60 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 69

At a whopping 5 in. (13 cm) long, this might just be the biggest jalapeño you've ever seen! Perfect for pickling, stuffing and slicing - and it really sparks up a salsa.

Habanero Burning Bush

Height: 18 to 24 in. (45 to 60 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 85

All the heat you expect from a habanero, but tempered with a touch of sweetness. Plants offer good yields of 3-in. (8-cm) by 1.5-in. (3.5-cm) fruit that matures from green to an unusual peach color. Perfect for sauces and salsas.

Cajun Belle

Height: 24 in. (60 cm)

Spread: 24 in. (60 cm)

Days to harvest: 61

You'll enjoy tasty peppers up to two weeks earlier than other sweet bell red peppers when you put this All-America Selections Winner into your container garden! Each 1-oz. (28-g) "mini" bell pepper has a mildly spicy flavor that's just right for fresh eating and salsa. You can harvest and eat Cajun Belle either green or red. The compact plants are just 24 in. (60 cm) tall and wide.

Exclusively Burpee!

Habanero Zavory

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 90

Zavory lets you enjoy the great taste of habanero and live to tell about it. It's the first pepper with mild heat and habanero flavor! Shiny, cardinal red peppers appear in large numbers in late Summer. Harvest as soon as they ripen and watch more 3 to 4-in. (7 to 10-cm), green-to-red fruits appear.

Exclusively Burpee!

Hot Lemon

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 70-80

This heirloom from Ecuador produces 3 to 4-in. (8 to 10-cm) fruits that ripen to yellow, but are also very flavorful when green. The skin is tender and the aroma is spicy with a hint of pine woods. As hot as any Cayenne, these peppers are best used fresh in sauces, or for drying. The more you harvest, the more your plants will produce!

Exclusively Burpee!

Jalapeño Gigante

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 80

One of the largest jalapeños, these peppers measure as long as 5 in. (13 cm)! Jalapeño Gigante produces delicious peppers that are perfect for salsa or stuffing as poppers. Easy to grow in any sunny garden or large patio pot, these peppers can be harvested throughout the Summer when they're green or red. A *Space Saver variety*.

BOOST Sweet Heat

Height: 12 to 16 in. (30 to 40 cm)

Spread: 12 to 16 in. (30 to 40 cm)

Days to harvest: 56

Produces 65% higher vitamin C content than the average garden pepper.* Mildly spicy peppers are delicious raw or cooked. Extreme earliness gives sweetness of ripe fruit with just the right amount of spice. Compact and bushy plants work well in gardens and large planters. A *Space Saver variety*.

*Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary.

Tabasco

Height: 18 to 24 in. (45 to 60 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 80

This fiery hot pepper made Tabasco sauce famous! The small, 2-in. (5-cm), light yellow-green peppers turn to red, growing on tall plants. Tabasco peppers are used fresh or dried and ground into a powder. Easy-to-grow Tabasco is great for small gardens and patio pots. Don't go overboard the first time you cook with them...they're hot!

Hungarian Hot Wax

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 70

In about three months you can begin harvesting these versatile, 6 to 8-in. (15 to 20-cm) long, yellow-to-red peppers. These hot, tapered fruits are great for pickling or drying, using in salsa or adding spice to any recipe.

Exclusively Burpee!

Ristra Cayenne Hybrid

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 75

These very hot, 12-in. (30-cm) long fruits tend to curl and twist, making them great for drying. They start off lime green and ripen fully to bright crimson, drying easily for chili and salsa recipes. Easy to grow and a heavy producer, Ristra Cayenne is great in large patio containers. Pick the peppers as soon as they are ripe to ensure a large harvest.

Exclusively Burpee!

Sweet Thing

Height: 30 in. (75 cm)

Spread: 24 in. (60 cm)

Days to harvest: 68

Love the taste of Cayenne peppers, but not the heat? These prolific plants produce loads of sweet, slightly smoky, 10 to 12-in. (25 to 30-cm) peppers that are perfect for grilling or drying. Colorful snacker matures from green to yellow, orange and then red. Good for gardens and large containers.

Over 135 Years

1907: Burpee introduces **Fordhook Bush Lima Bean**, still the most popular lima bean in the U.S.

1980: Burpee introduces **Bush Champion Cucumber**, the first of many varieties yielding big crops in a small space.

1998: Burpee's new **Fourth of July Hybrid Tomato** is the world's first medium-sized tomato to ripen by Independence Day.

2013: Burpee introduces **SuperSauce Hybrid Tomato**, the world's largest sauce tomato.

PUMPKIN

Autumn Gold F1

Height: 18 to 24 in. (45 to 60 cm)

Spread: 48 to 72 in. (120 to 180 cm)

Days to harvest: 90

This All-America Selections Winner is a perfect choice for Halloween carving and cooking. High-yielding plants produce golden orange, 9-in. (23-cm) pumpkins with thick orange flesh, each about 7 to 10 lbs. (3.2 to 4.5 kg). Spreads 12 to 20 ft. (3.6 to 6 m) in the garden, with three to five pumpkins per vine.

Exclusively Burpee!

Casper

Height: 18 to 24 in. (45 to 60 cm)

Spread: 48 to 72 in. (120 to 180 cm)

Days to harvest: 80-115

Casper is a white-skinned ornamental with thick orange flesh of excellent eating quality. The skin has less bluing than many other white varieties, and grows on a corky-textured tan handle. The 10 to 16-lb. (4.5 to 7.2-kg) pumpkins grow 9 to 12 in. (23 to 30 cm) in diameter. It's a great choice for carving and painting.

Howden

Height: 18 to 24 in. (45 to 60 cm)

Spread: 48 to 72 in. (120 to 180 cm)

Days to harvest: 115

If you want to carve big pumpkins this Fall, plant Howden, one of the most traditional old-time favorites. Intense, bright orange pumpkins with defined ribs and strong "handles" grow from 10-ft. (3-m) vines. These vigorous, spreading pumpkins provide high yields of attractive 20 to 30-lb. (9 to 13-kg) fruit - expect to harvest four or five from each plant.

Jack-Be-Little

Height: 18 to 24 in. (45 to 60 cm)

Spread: 48 to 60 in. (120 to 150 cm)

Days to harvest: 95

Kids love these little, deep orange pumpkins - especially to paint and decorate. Jack-Be-Little's vines grow up to 10 ft. (3 m) long, producing as many as 10 pumpkins each. Gardeners have actually grown these pumpkins in large patio containers using strong trellises, training the vine upwards. These pumpkins are fun and easy to grow, lasting up to a year if fully cured on the vine.

Small World of Color

Days to harvest: 110

Unique, decorative blend includes white, pink, blue and multicolor pumpkins, each weighing in at 25 to 30 lb. (11.2 to 13.5 kg) at maturity. At 12-in. (30-cm) diameter and with a slightly flattened shape, these pastel-toned pumpkins are ideal for one-of-a-kind Jack-O-Lanterns and envy-inspiring Fall décor.

SPINACH

Bloomsdale

Height: 10 to 12 in. (25 to 30 cm)

Spread: 6 to 8 in. (15 to 20 cm)

Days to Harvest: 48

This hearty plant offers a heavy, continuous yield of thick-textured, crinkled and glossy dark green leaves. It withstands heat better than other varieties and produces long green stalks and crinkled leaves when ready for harvest. This spinach has a sweet, non-bitter taste fresh or cooked.

SUMMER SQUASH

Exclusively Burpee!

Burpee Golden

Height: 24 to 36 in. (60 to 90 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 54

Medium-long, 6 to 8-in. (15 to 20-cm) zucchinis have a glossy, bright yellow color and are ready for harvest in less than two months. Excellent served raw in salads and dips, or steamed, boiled, grilled, stuffed or baked. Slice and freeze any extra fruits.

Exclusively Burpee!

Limelight

Height: 24 to 36 in. (60 to 90 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 50

Limelight's unique pale green color is matched by its light, refreshing flavor. Plants grow to 25 in. (63 cm) tall, with beautiful, deep green foliage accented by silver. Fruits mature early, reaching 8 in. (20 cm) in length. Limelight may be a novelty, but it's sure to become a favorite.

Exclusively Burpee!

Burpee Hybrid

Height: 24 to 30 in. (60 to 75 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 50

Burpee's top-selling zucchini for more than 40 years is a vigorous grower with early and very large yields. Its medium-green, tender-skinned fruits grow on compact, bush-type plants. Pick Burpee Hybrid zucchinis when they're about 6 to 8 in. (15 to 20 cm) long. Great fresh in salads or for cooking or stuffing.

Exclusively Burpee!

Pic-N-Pic Hybrid

Height: 24 to 30 in. (60 to 75 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 50

Pic-N-Pic makes extremely productive plants with golden-yellow, crookneck fruits that ripen early. The 4 to 6-in. (10 to 15-cm) fruits are excellent fresh, cooked or stuffed. They grow into a compact, bushy plant requiring little garden space.

Exclusively Burpee!

New Cupcake

Height: 36 to 40 in. (90 to 100 cm)

Spread: 48 to 60 in. (120 to 150 cm)

Days to harvest: 30

Best of both worlds! Cupcake has the soft, edible skin of a zucchini and the delicate, sweet flavor of a patty-pan squash. The 2-in. (5-cm) tall by 5-in. (12-cm) round fruits are great for roasting and grilling. This very high-yielding variety will intrigue foodies looking for something unique.

Exclusively Burpee!

Smooth Pickin' F1

Height: 24 to 36 in. (60 to 90 cm)

Spread: 36 in. (90 cm)

Days to harvest: 45

Spineless plants with an open habit make for easy, painfree harvesting of top-quality zucchinis! Smooth Pickin' produces outstanding yields of uniform, 7 x 2-in. (18 x 5-cm) zucchini with medium green skin.

Exclusively Burpee!

Burpee's Butterbush

Height: 10 to 12 in. (25 to 30 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 75

Butterbush is a space-saver in the garden, growing about 4 ft. (1.2 m) wide when planted in well-drained, moist soil. Each of these delicious squash plants produces five butternut-shaped fruits. This winter squash keeps for months and makes superb pie.

STRAWBERRY

All Star

Height: 6 to 8 in. (15 to 20 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Harvest: Mid-season June-bearing

USDA Hardiness Zone: 4

A berry that really lives up to its name, fast-growing All Star is a winner! Vigorous plants bear huge, firm, extra-juicy berries, with gorgeous red color and super-sweet flavor. And, it's frost-resistant, too! Supplied as bare root.

Berries Galore® Series

Height: 6 to 8 in. (15 to 20 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 75-85

USDA Hardiness Zone: 4

Ornamental, edible and 3 eye-catching flower colors! These everbearing runner plants produce mid-sized, deep red berries over thick, glossy deep green foliage that can be harvested every 3 to 4 days. Supplied as easy-to-sow pelleted seed.

► Rose

► White

WINTER SQUASH

Exclusively Burpee!

Burpee's Bush Table Queen

Height: 10 to 12 in. (25 to 30 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 80

Perfect for large patio pots and small-space gardens, Bush Table Queen produces an abundance of delicious, 5-in. (13-cm), acorn-shaped fruit on a bush-shaped plant. Keep acorn squash well-watered and harvest before it's fully mature for the best taste.

SWISS CHARD

Bright Lights

Height: 12 to 16 in. (30 to 40 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Days to harvest: 60

This stunning All-America Selections-winning mix produces delicious, mildly flavored stems in yellow, gold, orange, pink, violet, green, white, red and even striped! The tender bronze to dark green leaves are best harvested young for salads, or eaten like spinach or beet greens. Performs best in full-sun locations, but will tolerate light shade.

Berri Basket® White

Height: 6 to 8 in. (15 to 20 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 84

USDA Hardiness Zone: 4

Get ready for a long, sweet season. It literally drips with big, deep red, full-flavored berries until the first frost! This everbearing variety makes compact and bushy plants with white flowers and shiny deep green leaves that look lovely even before fruit develops. Supplied as easy-to-sow pelleted seed.

Sweet Kiss

Height: 6 to 8 in. (15 to 20 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 75

USDA Hardiness Zone: 4

The outstanding breeding of this plant results in production of large, dark red fruit from June until frost. Vigorous plants bear huge, firm, extra-juicy berries, with gorgeous dark red color and super-sweet flavor. Sweet Kiss, in a blind taste test, wins out every time for the best-flavored strawberry.

Growth

DET: Determinate (bush type). Blossoms and fruit develop on the vine at the same time. The harvest time is short (7 to 20 days). Plants are self-topping and seldom need staking; best when caged.

IND: Indeterminate (pole or stake type). Blossoms and fruit develop progressively and the harvest lasts several months; best when staked.

SEMI-D: Semi-determinate

Soil Disease Tolerance ASC: Alternaria Stem Canker, F: Fusarium, FCRR: Fusarium Crown and Root Rot, GLS: Gray Leaf Spot, N: Nematodes, PL: Corky Root Rot, TMV: Tobacco Mosaic Virus, TSWV: Tomato Spotted Wilt Virus, V: Verticillium

TOMATO

Exclusively Burpee! New Take 2 Combos

Height: 36 to 48 in. (90 to 120 cm)

Spread: 36 in. (90 cm)

Days to harvest: Approx. 65

A hardworking, first-of-its-kind container solution for small-space gardening. Best suited for 14-in. (35-cm) and larger patio pots, these varieties have been chosen to provide small-space gardeners more yield from their containers. Each has a slicing type and a small-fruited type tomato that have been trialed together for habit and fruit timing. The end result is a steady supply of cherry and slicing tomatoes from one container all Summer long!

New Lights (BushSteak & New Patio Choice Yellow) A *Space Saver* variety.

New Camera (Homeslice & Sweetheart of the Patio) A *Space Saver* variety.

New Action (BushSteak & Baby Boomer) A *Space Saver* variety.

These variety recipes have been tested and the components were proven to work well together in large containers. To recreate these combinations, order each of the variety components separately.

New Lights (BushSteak & New Patio Choice Yellow)

New Camera (Homeslice & Sweetheart of the Patio)

New Action (BushSteak & Baby Boomer)

42 Days F1 Heirloom Small-Fruited

Height: 36 to 60 in. (90 to 150 cm)

Spread: 36 in. (90 cm)

Days to harvest: 40-50

Small, 1 to 4-oz. (28 to 113-g), red tomatoes ripen incredibly early on the compact plants. The sweetly flavored fruits are mostly round, a few with pointed ends. Named for its super-fast maturity, this productive variety is ideal for northern, short-season areas and for container gardening.

Exclusively Burpee!

Baby Boomer F1 Small-Fruited

Height: 20 to 25 in. (50 to 63 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 50-55

Perfect for the patio, each wildly prolific plant yields 300 or more little sweets bursting with great-big flavor. Compact, whorled plants produce 1-in. (2.5-cm) tomatoes right up until frost. This one offers great Verticillium and Fusarium resistance. We recommend that plants be caged. *A Space Saver variety.*

Big Beef Beefsteak

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 73

An All-America Selections Winner, Big Beef is extra meaty with a true homegrown flavor and just the right balance of sugars and acids. Big Beef produces extra-large, "beefy" fruit and the large, vigorous and disease-resistant plants are quite manageable when staked or grown in large cages.

Growers know

"We are winning with Burpee because our customers are successful with Burpee! Burpee vegetables and herbs programs provide our retail garden center customers a great opportunity to market a program that consumers both recognize and trust. As a wholesale bedding plant grower, we are aware of all of the marketing options available to us within the edibles category, from branded to unbranded. In the end, we believe there is no other edible program that signifies both the longstanding history and legacy that Burpee provides in the marketplace."

Bill Stephenson, National Sales and Marketing Manager, Nash Greenhouses, LLC, Kalamazoo, Michigan

Better Boy Slicer

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 70-75

One Better Boy plant once yielded more than 340 lbs. (154 kg) of fruit, earning it a Guinness World Record! You may not pick that much from your own plant, but plan on growing plenty of bright red, 16-oz. (455-g) fruits perfect for slicing, canning and sauces.

Big Brandy F1 Heirloom Marriage™ Beefsteak

Height: 60 to 84 in. (150 to 210 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Days to harvest: 75-80

Beautiful pink beefsteak variety delivers the distinctive looks and flavor of Big Dwarf and Brandywine heirloom tomatoes, with higher yields, earlier maturing and fewer fruit blemishes.

Exclusively Burpee!

Big Daddy Slicer

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 78

Game-changing breakthrough in taste, size, disease resistance and yield! Big Daddy lives up to its name, with a mighty harvest of meaty, ruby red fruits - almost 1 lb. (454 g) each.

Exclusively Burpee!

Big Mama Hybrid Paste

Height: 40 to 48 in. (100 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 80

Plum-shaped and enormous, Big Mama Hybrid tomatoes grow up to 5 in. (13 cm) long and 3 in. (8 cm) across. Easy to peel and core, and perfect for sauces and soups, this incredibly meaty variety sets a new standard for paste tomatoes.

Big Rainbow Heirloom Slicer

Height: 36 to 40 in. (90 to 100 cm)

Spread: 18 in. (45 cm)

Days to harvest: 85

A feast for the eyes as well as the palate! With its red-and-yellow marbled flesh, Big Rainbow is a knockout sliced on a platter with other varieties. The sweet, mild flavor of the huge, up to 2-lb. (908-g) tomatoes complements sandwiches and salads to perfection.

Exclusively Burpee!

Brandy Boy Hybrid Beefsteak

Height: 60 to 84 in. (150 to 210 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 78

This is one of the tastiest tomatoes you can grow! A hybrid of the classic Brandywine, Brandy Boy has the benefits of an heirloom - incredible taste, smooth and thin skin - without any drawbacks. Producing loads of large, 5-in. (13-cm) pink fruits, this tomato is best eaten fresh in salads.

Exclusively Burpee!

Big Pink Slicer

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 75

This medium-sized, flavor-packed tomato with rosy, smooth skin adds the crowning touch to any sandwich, burger or salad! The strong plants grow to medium height and are ready to harvest from mid-season on.

Black Krim Heirloom Beefsteak

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 80

Originating in the Crimea, an island peninsula known for its perfect "tomato summers", this beefsteak variety bears medium-sized, very dark maroon fruits with wonderfully rich flavor. Delicate skin and juicy, green-tinted flesh complete the package!

Brandywine Pink Heirloom Beefsteak

Height: 36 to 40 in. (90 to 100 cm)

Spread: 18 in. (45 cm)

Days to harvest: 78

Dating way back to 1885, this heirloom tomato standard delivers incredibly superb, sweet flavor. Large, luscious red-pink fruits - weighing in at 1 to 2 lbs. (454 to 908 g) each - grow on unusually upright plants. Fruits set one or two per cluster and ripen late - but they're worth the wait!

Brandywine Red Heirloom Beefsteak

Height: 36 to 40 in. (90 to 100 cm)

Spread: 18 in. (45 cm)

Days to harvest: 75-80

Brandywine Red is one of the most popular and best-tasting heirloom tomatoes. The very vigorous plants bear large-lobed, 10 to 16-oz. (284 to 454-g), beefsteak-shaped fruit that are perfect for slicing. The thin-skinned, pinkish-red tomatoes are flavorful but not acidic.

Burpee's Big Boy® Slicer

Height: 48 to 60 in. (120 to 150 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 78

Burpee's Big Boy is a long-time best seller with firm, smooth, red fruit; great flavor; and excellent quality. Introduced in 1949, its incredible productivity and gorgeous, large (8 to 9-oz./227 to 255-g) scarlet fruit made it an instant hit.

Bush Early Girl Slicer

Height: 30 to 36 in. (75 to 90 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 68

Enjoy an abundant harvest of round, 4 to 5-oz. (113 to 150-g) tomatoes from this compact variety. Growing 24 in. (60 cm) tall, the plants are ideal for planters and gardens. High-yielding Bush Early Girl produces firm red fruits with excellent flavor. *A Space Saver variety.*

Retailers know

"The Burpee program is phenomenal! Burpee is a popular and respected brand in our area, and switching to Burpee-branded plants has really grown our vegetable business. The resources offered to accompany the program, such as the POP and online information, make it easy to market the plants effectively and reach customers on multiple platforms."

Joe and Mary Sansoni,

Hatboro, Pennsylvania

Bush Champion II Slicer

Height: 30 to 36 in. (75 to 90 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 65

Get big, meaty fruits on compact plants, perfect for container gardening. Bush Champion II matures extra-early, bearing fruits with a beautiful, bright red color and full flavor. *A Space Saver variety.*

Celebrity Slicer

Height: 30 to 36 in. (75 to 90 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 72

This All-America Selections Winner produces huge yields of flavorful fruit all season long. These large, glossy tomatoes have light green shoulders at the top of the fruit. Celebrity is perfect for first-time gardeners, producing large tomatoes to use sliced on sandwiches and burgers, in sauces and salsas. *A Space Saver variety.*

Exclusively Burpee!

BushSteak F1 Beefsteak

Height: 30 to 36 in. (75 to 90 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 65

Now beefsteak tomatoes can be grown in a container! This mid-season beefsteak is a standout for its exceptional taste, size and quantity. The surprisingly compact plant is loaded with big, flavorful and meaty tomatoes that mature early. It's well-suited for small gardens, too. *A Space Saver variety.*

Champion II Slicer

Height: 30 to 36 in. (75 to 90 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 65

A step up from the original Champion, Champion II has the same delicious flavor with much-improved disease resistance for easier gardening success. This garden favorite produces large yields of medium-sized fruits into the Fall.

Exclusively Burpee!

BOOST Cherry Punch Small-Fruited

Height: 18 to 24 in. (45 to 60 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 48

Tiny red tomatoes are bursting with flavor and healthy eating - Cherry Punch delivers 30% more vitamin C and 40% more lycopene than the average garden tomato.* Early with high yields. *A Space Saver variety.*

*Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary.

Cherokee Purple Heirloom Slicer

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 85

This large, dark purple-skinned tomato is rumored to have come from Cherokee gardeners. Its flesh is brick-red with rich and full flavor that is often compared to popular Brandywine Red. Plants make large vines that yield tomatoes up to 5 in. (13 cm) across and 3.5 in. (9 cm) high.

New Chocolate Sprinkles F1 Small-Fruited

Height: 60 to 84 in. (150 to 210 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Days to harvest: 50-55

Delivers the *first in this type* with a disease-resistance package. Unique fruit color: red with dark green overlay/striping for a "chocolaty" appearance that will appeal to foodies. Very productive, with lots of cherry tomatoes that have true tomato flavor and a nice, firm bite.

Exclusively Burpee!

New Cloudy Day F1 Slicer

Height: 36 to 48 in. (90 to 120 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Days to harvest: 70

Bred in England, Cloudy Day is excellent for growing in a northern climate. This plant does very well in cool, cloudy weather. It offers a high yield of 5-oz. (141-g) tasty slicer fruit. Offers Early and Late Blight resistance as well. A *Space Saver variety*.

Early Girl Slicer

Height: 48 to 60 in. (120 to 150 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 59

This variety starts bearing fruit earlier and produces longer than other medium-sized tomatoes. Early Girl bears bright red, meaty tomatoes with incredible flavor and aroma earlier than other varieties. Its globe-shaped fruit is perfect for slicing on sandwiches and for salads.

Delicious Heirloom Slicer

Height: 48 to 60 in. (120 to 150 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 77

Huge, scarlet fruits average 1 lb. (454 g), with some growing as big as 2 lbs. (908 g) each. The smooth, crack-free, excellent slicer has extra-delicious flavor.

Exclusively Burpee!

Fresh Salsa Hybrid Paste

Height: 40 to 48 in. (100 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 65-75

Chop this tomato into tiny cubes that remain perfectly firm and solid in salsa recipes. Plum-shaped and "dripless," Fresh Salsa is all meat, perfect for bruschetta and light sauces. A *Space Saver variety*.

Exclusively Burpee!

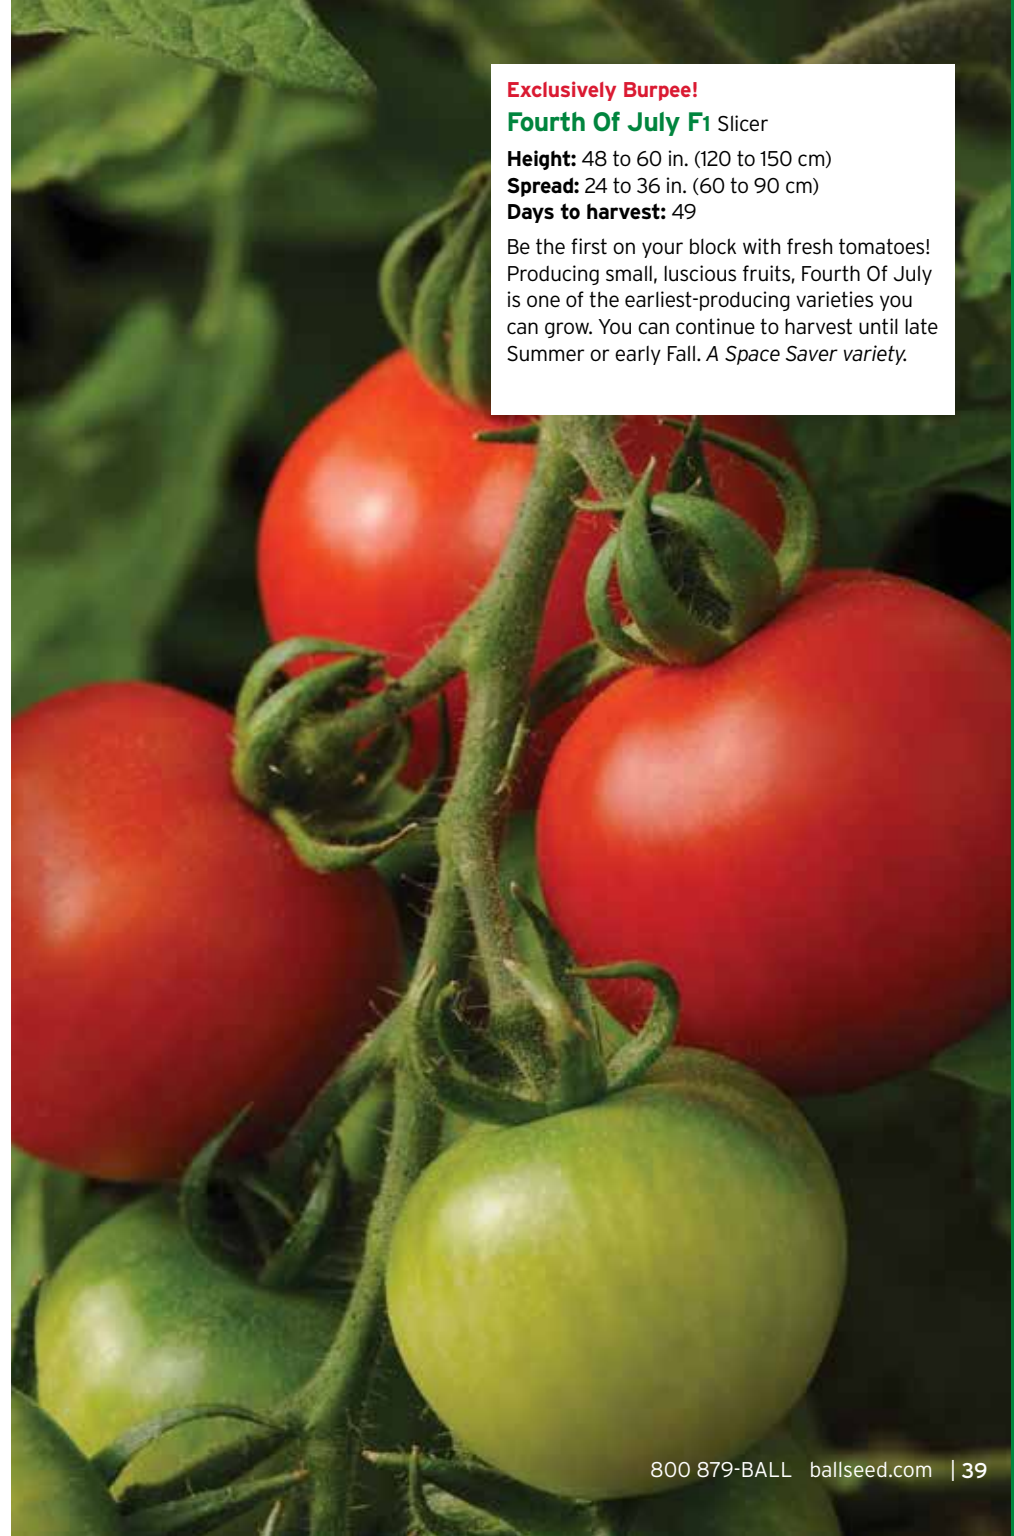

Fourth Of July F1 Slicer

Height: 48 to 60 in. (120 to 150 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 49

Be the first on your block with fresh tomatoes! Producing small, luscious fruits, Fourth Of July is one of the earliest-producing varieties you can grow. You can continue to harvest until late Summer or early Fall. A *Space Saver variety*.

Indigo™ Cherry Drops Small-Fruited

Height: 36 to 60 in. (90 to 150 cm)

Spread: 36 in. (90 cm)

Days to harvest: 65

Nutritious and novel tomatoes are exceptionally high in anthocyanins for healthy eating. Great taste and beautiful fruit. Cherry Drops is a stunning cocktail cherry tomato that produces purple and black fruit with rosy undersides and a deep red flesh. Produces huge yields – under ideal growing conditions, there can be over 500 per plant!

Genuwine F1 Heirloom Marriage™ Slicer

Height: 60 to 84 in. (150 to 210 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Days to harvest: 70-75

Cross of Costoluto Genovese and Brandywine heirloom varieties produces an abundance of squat, pleated slicer tomatoes with all the flavor of its parents and none of their shortcomings!

Indigo Fireball F1 Small-Fruited

Height: 36 to 60 in. (90 to 150 cm)

Spread: 36 in. (90 cm)

Days to harvest: 75

Pleasantly tart and slightly acidic, these bright yellow fruits bear a full purple cap of heavy indigo anthocyanin pigmentation. Fireball is great for fresh eating and cooking, with significantly more vitamin E than similar-sized commercial red hybrids. *A Space Saver variety.*

Homeslice Slicer

Height: 18 to 24 in. (45 to 60 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 63

The perfect slicer tomato for containers and small gardens...and growers can be sure of availability of reliable, professional-quality seed. The early, compact and mounding plants produce bountiful harvests of round, 5 to 6-oz. (140 to 200-g) fruit with true tomato flavor. Homeslice can be sold in large containers in bloom or with small fruit. *A Space Saver variety.*

Indigo Kumquat F1 Small-Fruited

Height: 36 to 60 in. (90 to 150 cm)

Spread: 36 in. (90 cm)

Days to harvest: 75

Tangerine-orange, grape-shaped tomatoes have sweet, well-balanced flavor with plenty of vitamin A and anthocyanins! Kumquat can produce eight crack-resistant fruits per cluster. *A Space Saver variety.*

Indigo Rose Small-Fruited

Height: 36 to 60 in. (90 to 150 cm)

Spread: 36 in. (90 cm)

Days to harvest: 75-80

The first true purple tomato (almost jet black) is bred by Dr. Jim Myers of Oregon State University. As it ripens, the underside turns from green to a rosy red. Each 2 to 3-in. (5 to 7-cm) tomato has a great, strongly acidic flavor, and when sliced it looks just like a plum with deep red flesh. Vigorous plants show good resistance to fungal diseases and blights.

Indigo Sun F1 Small-Fruited

Height: 36 to 60 in. (90 to 150 cm)

Spread: 36 in. (90 cm)

Days to harvest: 72

Yellow, 0.75 to 1-oz. (21 to 28 g) cherry tomatoes combine acids and sugars for a pleasant, aromatic flavor. Fruit has indigo pigmentation on the shoulders and around the crown, indicating healthy anthocyanins. Can have eight fruit per cluster. *A Space Saver variety.*

Indigo Ruby F1 Small-Fruited

Height: 36 to 60 in. (90 to 150 cm)

Spread: 36 in. (90 cm)

Days to harvest: 80

The red, 0.75 to 1-oz. (21 to 28-g) cherry tomatoes have a sweet flavor and pleasant aroma. Intense indigo anthocyanin pigmentation covers the top hemisphere of the fruit. Produces about four to six tomatoes per cluster. *A Space Saver variety.*

Exclusively Burpee!

Jersey Boy F1 Heirloom Marriage™ Slicer

Height: 60 to 84 in. (150 to 210 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Days to harvest: 70

Tasty slicer is a cross between Sudduth's Brandywine and Rutgers. Jersey Boy yields lots of sandwich-ready, 10 to 15-oz. (284 to 425-g) fruits with all the flavor of its heirloom parents and fewer blemishes.

Indigo Ruby F1 Tomato

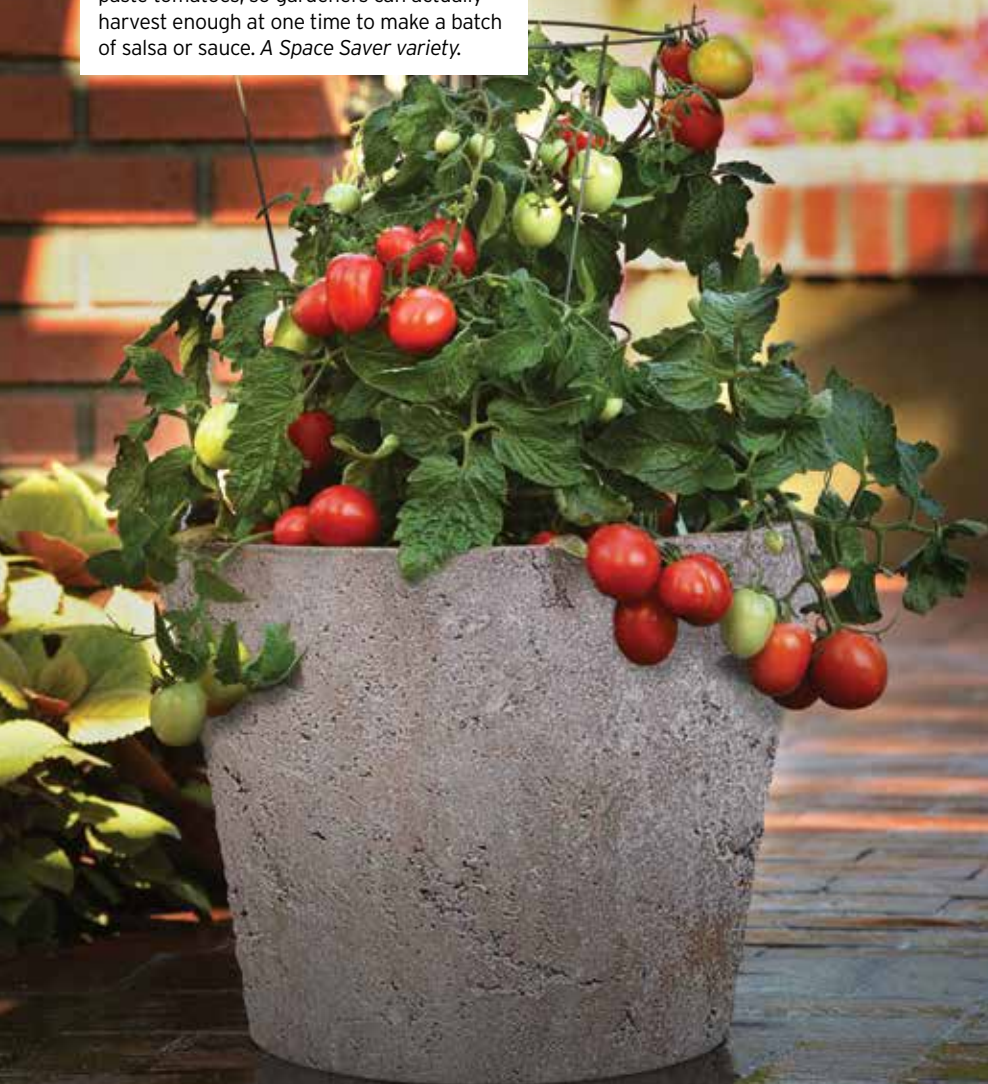

Little Napoli F1 Paste

Height: 12 to 18 in. (30 to 45 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 60-65

A great performer in containers, this is one of the only patio-type romas available, and it has disease resistance to Fusarium Race 1 and Verticillium for better garden success! Small plants yield large amounts of tasty paste tomatoes, so gardeners can actually harvest enough at one time to make a batch of salsa or sauce. *A Space Saver variety.*

Jet Star Slicer

Height: 48 to 60 in. (120 to 150 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 72

Jet Star's tasty, mild-flavored red fruit matures early with tremendous yields. Home gardeners will enjoy large, attractive, globe-shaped tomatoes with very few scars or cracks. This versatile slicer is delicious on sandwiches and in salads...great for canning, too.

Lemon Boy Slicer

Height: 48 to 60 in. (120 to 150 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 72

Lemon Boy is as unique a tomato as you'll ever grow. These plants produce beautiful, lemon yellow-skinned tomatoes with wonderful flavor. Lemon Boy is perfect for slicing to reveal the delicious, lemon-colored flesh.

Exclusively Burpee!

New Madame Marmande F1 Slicer

Height: 60 to 70 in. (150 to 178 cm)

Spread: 45 to 60 in. (114 to 152 cm)

Days to harvest: 72

Broad-shouldered, juicy, succulent French tomato is loaded with rich flavor. A culinary star in France, where a favorite instant feast is a scooped-out Madame Marmande brimming with a mild cheese. Hefty scarlet and light-ruby 10-oz. (283-g) fruits won't crack like other Marmande varieties. Great disease resistance package, too!

Marianna's Peace Heirloom Beefsteak

Height: 36 to 40 in. (90 to 100 cm)

Spread: 18 in. (45 cm)

Days to harvest: 80-85

One of the best-tasting heirlooms you can grow! The 1 to 2-lb. (454 to 908-g) tomatoes have meaty, pink flesh and complex flavor with a good sweet/acid balance. Potato leaf type. Gardeners ask for Marianna's Peace by name.

Exclusively Burpee!

BOOST Mighty Sweet F1 Small-Fruited

Height: 36 to 60 in. (90 to 150 cm)

Spread: 24 in. (60 cm)

Days to harvest: 65

45% more lycopene* makes Mighty Sweet a healthy snack...big tomato taste makes it a delicious one! Tall, vigorous plants yield an abundance of deep red grape tomatoes, and they produce fruit right up until frost. A *Space Saver* variety.

*Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary.

Mrs. Maxwell's Big Italian Heirloom

Height: 48 to 72 in. (120 to 180 cm)

Spread: 36 in. (90 cm)

Days to harvest: 70

Mrs. Maxwell of Mexico, Missouri valued an Italian tomato variety so much that she saved the seed of the largest, earliest, non-cracking tomatoes each year. Mrs. Maxwell's produces large, very prolific tomatoes on potato leaf plants. The 3 to 4-in. (7 to 10-cm), dark pink beefsteak tomatoes have incredible flavor. Perfect for eating fresh or as a canning tomato for cooking into sauce.

Old German Heirloom Slicer

Height: 48 to 60 in. (120 to 150 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 75

High on flavor and low on seeds! The big, 1-lb. (454-g), yellow fruit have a luscious red exterior and center. Although it has an odd shape, Old German is one of the best-tasting slicers you can grow! Dates back to the mid-1800s from Virginia's Shenandoah Valley.

Mortgage Lifter Heirloom Slicer

Height: 36 to 48 in. (90 to 120 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Days to harvest: 80

Huge, 16 to 24-oz. (454 to 680-g), heirloom tomatoes are consistent winners in taste tests. Rich and meaty, with few seeds, Mortgage Lifter is excellent for slicing, sandwiches and salsas. Developed in the 1930s by a gardener who was able to pay off his mortgage in six years, thanks to his tomato discovery!

Exclusively Burpee!

Napa Grape Hybrid Small-Fruited

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 65

A consistent top choice in taste tests, Napa Grape Hybrid has a higher sugar content than any other grape tomato. Enjoy these tasty treats fresh off the vine all Summer long.

Exclusively Burpee!

Orange Wellington Slicer

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 75

They're big, bold and bright! Each of these smooth, orange heavyweights is plump with firm, dense, meaty, nearly seedless flesh. The plants are hardy and prolific, bearing from mid to late season.

Pink Bumble Bee F1 Small-Fruited

Height: 48 to 60 in. (120 to 150 cm)

Spread: 36 in. (90 cm)

Days to harvest: 70

So pretty to look at you won't want to eat them...but such excellent sweet flavor that you can't resist! Grow these crack-resistant, round cherry tomatoes along with Purple Bumble Bee and Sunrise Bumble Bee to serve a rainbow of color for fresh snacking. Plants produce all season long, tolerating cool nights and hot days. Pink fruit is striped with a stunning combination of yellow and orange.

Orange Zinger F1 Small-Fruited

Height: 60 to 84 in. (150 to 210 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Days to harvest: 60

Orange Zinger yields a large amount of crack-resistant, round cherry tomatoes in a beautiful dark orange color. Delivers big tomato flavor, too - a delightful balance of sweet and tangy with a "zing" of a finish. Plus it offers Fusarium Race 1 and Tobacco Mosaic Virus resistance!

Perfect Flame F1

Heirloom Marriage™ Saladette

Height: 60 to 84 in. (150 to 210 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Days to harvest: 65-70

Luscious saladette variety is a cross of Peron and Flamme heirloom tomatoes. Early-yielding Perfect Flame bears plenty of meaty, orange 3.5 to 4.5-oz. (100 to 125-g) fruits with lots of flavor and few fruit blemishes.

New Patio Choice Yellow F1 Small-Fruited

Height: 36 in. (90 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 65

Small, cascading plant yields delicious 2-oz. (56-g), yellow, cherry-sized fruits. Great for salads and fresh eating. A *Space Saver* variety.

Phoenix Slicer

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 70-75

Vigorous, compact Phoenix seldom needs staking. Gorgeous color and great flavor to enjoy mid-season. Exceptional heat tolerance. A *Space Saver* variety.

Exclusively Burpee!

BOOST Power Pops Small-Fruited

Height: 9 to 12 in. (22 to 30 cm)

Spread: 32 to 48 in. (80 to 120 cm)

Days to harvest: 45

Produces 55% more lycopene and 40% more carotenoids than the average garden tomato.* These indeterminate plants produce ripe fruit up to two weeks earlier than others of this type! Excellent for garden or patio baskets and containers. A *Space Saver variety*.

*Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary.

Red Grape Small-Fruited

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 75

These tasty baby grape tomatoes may not ever make it into your kitchen...it's just too tempting to pop the super-sweet fruits right into your mouth, fresh off the plant! This high-quality variety produces long clusters of 20 or more bright red, crack-resistant tomatoes.

Purple Bumble Bee F1 Small-Fruited

Height: 48 to 60 in. (120 to 150 cm)

Spread: 36 in. (90 cm)

Days to harvest: 70

Grow these crack-resistant, round cherry tomatoes along with Pink Bumble Bee and Sunrise Bumble Bee to serve a rainbow of color for fresh snacking. Plants produce all season long, tolerating cool nights and hot days. Purple Bumble Bee's dusky purple tomatoes have the metallic green striping normally seen in heirloom tomatoes for a distinctive appearance.

Rutgers Heirloom Slicer

Height: 48 to 60 in. (120 to 150 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 74

This legendary heirloom was introduced in 1934. Since then, its flavor is unequalled for slicing and cooking. Tall vines produce slightly flattened, red, crack-resistant fruits up to 5 oz. (142 g) each.

Exclusively Burpee!

Porterhouse F1 Beefsteak

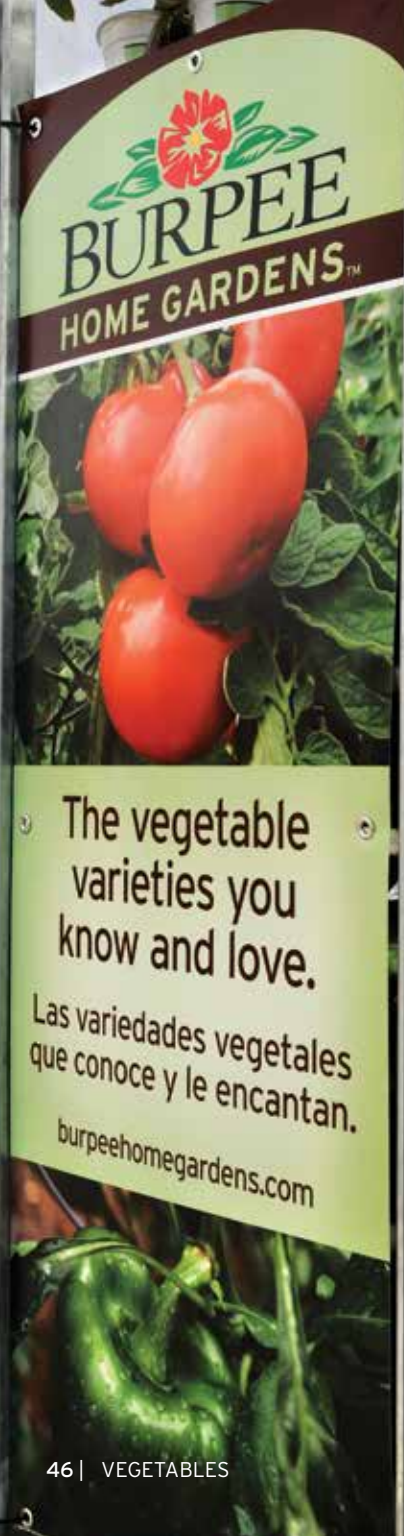

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 in. (60 cm)

Days to harvest: 80

Extra-large beefsteak tomatoes can tip the scales at up to 4 lbs. (1816 g)! Bursting with lots of rich, old-fashioned flavor, too! Luscious flesh is deep red all the way through, with the right balance of meaty solids and succulent juice. Perfect in the garden!

San Marzano Heirloom Paste

Height: 36 to 40 in. (90 to 100 cm)

Spread: 18 in. (45 cm)

Days to harvest: 65-70

The best-known paste tomato! Long, blocky, 4 to 6-oz. (113 to 170-g) fruits are easy to seed, leaving plenty of meat for a first-class paste or sauce. San Marzano is also delicious canned or dried.

Exclusively Burpee!

BOOST Solar Power Small-Fruited

Height: 12 to 18 in. (30 to 45 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Days to harvest: 63

The brilliant orange, meaty fruit can produce more than three times the level of beta-carotene than the average garden tomato.* Indeterminate with good yields, Solar Power is perfect for salads and sauces, with the bonus of extra health benefits! A *Space Saver variety*.

*Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary.

SkyReacher F1 Slicer

Height: 36 to 40 in. (90 to 100 cm)

Spread: 36 in. (90 cm)

Days to harvest: 79

A garden standout! Very pretty, with good flavor and strong branches! This small, round slicer has a beautiful red/orange striped exterior and grows blemish-free and split-resistant. Performs well in a variety of conditions.

Exclusively Burpee!

Steak Sandwich Hybrid Slicer

Height: 30 to 36 in. (75 to 90 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 70

Vigorous but compact, the plants load up with dozens of fruits at a time. Harvest the large fruits Summer through Fall and enjoy them on sandwiches and burgers or in salads.

Exclusively Burpee!

SteakHouse Hybrid Beefsteak

Height: 66 to 72 in. (165 to 180 cm)

Spread: 66 to 72 in. (165 to 180 cm)

Days to harvest: 75-80

It's bigger and it's better! One of the world's largest beefsteaks, SteakHouse consistently tips the scales at up to 3 lbs. (1362 g), and it produces high yields. The broad-shouldered tomatoes are loaded with true heirloom flavor and wonderful fragrance. Due to large plant and tomato size, support is required.

Exclusively Burpee!

Summer Girl F1 Slicer

Height: 54 to 60 in. (130 to 150 cm)

Spread: 40 to 45 in. (100 to 114 cm)

Days to harvest: 49-52

This multi-talented variety has it all - it's a week or more earlier to mature than Early Girl, with larger fruit and improved yields. The round, 5 to 6-oz. (142 to 170-g) fruit are a full 1.5 oz. bigger than Early Girl, with 20% larger yields. Exceptional resistance to Verticillium, Fusarium, Tobacco Mosaic Virus and Tomato Spotted Wilt Virus, too!

Sungold Small-Fruited

Height: 30 to 36 in. (75 to 90 cm)

Spread: 24 to 30 in. (60 to 75 cm)

Days to harvest: 65

One of the most popular varieties of cherry tomatoes, tangy-sweet Sungold ripens early to a golden orange, ready to harvest throughout the Summer. These extra-sweet tomatoes stay firmer longer than other cherry varieties and will be ready to harvest twice a week once they begin producing fruit.

Sunrise Bumble Bee F1 Small-Fruited

Height: 48 to 60 in. (120 to 150 cm)

Spread: 36 in. (90 cm)

Days to harvest: 70

Grow these crack-resistant, round cherry tomatoes along with Pink Bumble Bee and Purple Bumble Bee to serve a rainbow of color for fresh snacking. Plants produce all season long, tolerating cool nights and hot days. Sunrise Bumble Bee offers gorgeous color, inside and out! The yellow fruit has red exterior stripes and pink interior marbling. This one offers a mix of both sweet and tangy taste.

Exclusively Burpee!

SuperSauce F1 Paste

Height: 18 to 20 in. (45 to 50 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 70

Game-changing paste tomato is the biggest you can grow - up to 2 lbs. (908 g) each! Easy-to-peel variety is a breeze to use to make sauce; it's meaty, nearly seedless and packed with flavor. SuperSauce is a great way to beef up your tomato program. A *Space Saver* variety.

Supersteak Hybrid Beefsteak

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 80

Producing fruits as large as 2 lbs. (908 g), Supersteak Hybrid is a giant among tomatoes. Smooth skin and a meaty texture make it perfect for sandwiches. One slice covers the whole thing!

Sweet Casady F1 Paste

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 70

Small, red-and-yellow-striped, elongated plum tomatoes are the perfect mix of very sweet flavor and beautiful appearance, making them great for fresh eating, as well as for canning and paste. Ideal for home vegetable gardens and large containers.

Exclusively Burpee!

BOOST Tasti-Lee® F1 Slicer

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 75

Bred in Florida, Tasti-Lee stands tough in the hottest weather! This strong-performing variety combines superior sweet flavor with the health benefits of up to 40% more lycopene than similar types.* A *Space Saver* variety.

*Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary. TASTI-LEE is a registered trademark of Florida Foundation Seed Producers, Inc.

Sweet 100 Small-Fruited

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 70

Bursting with flavor, garden-favorite Sweet 100 produces 100 or more scarlet, cherry-sized fruits in long clusters right up to frost. Stake or cage these vigorous climbers to keep the fruit off the ground and avoid pests and diseases.

Exclusively Burpee!

Sweetheart of the Patio Small-Fruited

Height: 24 to 36 in. (60 to 90 cm)

Spread: 18 in. (45 cm)

Days to harvest: 68

Super-sweet, semi-cascading variety is a perfect addition to hanging basket and patio pot programs. Compact plants produce high yields of disease-free, snack-ready fruit all Summer long. Each baby cherry tomato weighs about 1 oz. (28 g) and measures 1 in. (2.5 cm) around. Late blight-resistant. A *Space Saver* variety.

Terenzo F1 Small-Fruited

Height: 10 to 24 in. (25 to 60 cm)

Spread: 18 in. (45 cm)

Days to harvest: 56

Top-performing All-America Selections Winner Terenzo is a superstar in small spaces! Its excellent semi-cascading habit, high yields and superior sweetness are sure to make it a consumer favorite for baskets and patio pots. Low-growing, trailing plants hold up well through Summer heat, producing crack-resistant, 1.25-in. (3-cm) cherry tomatoes. A *Space Saver* variety.

For **NEW Take 2 Tomato Combos**, see page 34.

Exclusively Burpee!

Tomande F1 Slicer

Height: 36 to 40 in. (90 to 100 cm)

Spread: 18 in. (45 cm)

Days to harvest: 72

It's all about the flavor! These broad-shouldered beauties give gourmet gardeners great flavor like popular heirloom Marmande, but much higher yields. Excellent in salads and on sandwiches. Perfect for home vegetable gardens.

Tumbler Small-Fruited

Height: 12 to 16 in. (30 to 40 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Days to harvest: 49

The best tomato for hanging baskets and containers, Tumbler has a graceful, cascading habit. The very productive, extra-early plants produce up to 6 lbs. (2.7 kg) of sweet cherry-type tomatoes, 1.25 in. (3 cm) in diameter. A *Space Saver* variety.

WATERMELON

Crimson Sweet

Height: 15 to 24 in. (38 to 60 cm)

Spread: 72 to 84 in. (180 to 210 cm)

Days to harvest: 85

Crimson Sweet produces round melons averaging 25 lbs. (11 kg) each, with light green and dark green stripes. This melon is even prettier on the inside, with firm, exceptionally deep red flesh. Crimson Sweet vines need room to grow, spreading up to 10 ft. (3 m) long. Your watermelons are ready to harvest when the fruit has grown to full size.

Tomatoberry Garden Small-Fruited

Height: 48 to 60 in. (120 to 150 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 80

These strawberry-shaped tomatoes not only look unique, but also have a super-sweet taste and aroma. Each deep red, firm-textured tomato measures about 1 in. (2.5 cm) in diameter.

Yellow Pear Heirloom Small-Fruited

Height: 36 to 48 in. (90 to 120 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Days to harvest: 75

Looking for the perfect Summer party hors d'oeuvres? You've found it with Yellow Pear! A favorite of heirloom tomato gardeners for decades, this vigorous plant bears enormous numbers of bright yellow, bite-sized fruit that has a deliciously tangy flavor.

Sugar Baby

Height: 15 to 24 in. (38 to 60 cm)

Spread: 72 to 84 in. (180 to 210 cm)

Days to harvest: 80

Sugar Baby saves space in the garden and in the refrigerator. The only thing oversized is its rich and incredibly sweet taste. The compact vines produce plenty of 8 to 10-lb. (3.6 to 4.5-kg) fruits packed with fine-textured, red-orange flesh. Perfect for any small-space garden!

ANNUAL HERBS

Boxwood Basil (seed)**Height:** 10 to 12 in. (25 to 30 cm)**Spread:** 10 to 12 in. (25 to 30 cm)

This compact, small-leaved herb makes a highly ornamental and fragrant edging or container. It's great for pesto, too! Extremely bushy and productive, even on the hottest days.

**Nufar Basil** (seed)**Height:** 24 to 30 in. (60 to 75 cm)**Spread:** 18 to 24 in. (45 to 60 cm)

Sweet Genovese type produces the most flavor-packed leaves ever. The high-yielding plants have big, dark green, textured leaves that are great for pesto, tomato dishes, salads and more. Count on season-long performance against a wide range of Fusarium wilts.

**Pesto Perpetuo Basil** (vegetative)**Height:** 36 to 48 in. (90 to 120 cm)**Spread:** 8 to 16 in. (20 to 40 cm)

Eye-catching, white-accented leaves taste as good as they look! No flowers means numerous, plentiful harvests all Summer. Excellent for pesto.

**Sweet Dani Lemon Basil** (seed)**Height:** 22 to 24 in. (55 to 60 cm)**Spread:** 18 to 24 in. (45 to 60 cm)

Whether it's terrific lemony flavor or long-lasting ornamental shows you're looking for, this All-America Selections Winner fits the bill. Vigorous and fast-growing, large-leaved Sweet Dani has up to 75% more total essential oils than standard lemon basil varieties.

**Dolce Fresca Sweet Italian Basil** (seed)**Height:** 12 to 14 in. (30 to 35 cm)**Spread:** 10 to 12 in. (25 to 30 cm)

All-America Selections National Winner Dolce Fresca produces a mid-sized plant with a unique bushy habit that shows better at retail and holds its nice, controlled size in the garden. When other basil plants get tall and leggy, Dolce Fresca remains mounded and tidy while still maintaining a traditional basil flavor and leaf size.

**Exclusively Burpee!****New Pesto Party** (seed)**Height:** 18 to 24 in. (45 to 60 cm)**Spread:** 12 to 18 in. (30 to 45 cm)

The latest-flowering basil from seed! Well-branched and full, with an abundance of leaves that offer good sweet Italian basil flavor, along with intermediate resistance to downy mildew. Perfect for fresh pesto and salads.

**Red Rubin Basil** (seed)**Height:** 18 to 24 in. (45 to 60 cm)**Spread:** 18 to 24 in. (45 to 60 cm)

This basil has a stronger flavor than sweet basil and reddish-purple leaves, creating a unique look in salads. All-America Selections Winner Red Rubin performs well in the garden and in containers with the perfect combination of ornamental appeal and spicy flavor.

Growers know

"We ran a sales trial in Spring 2015, producing 40,000 4-in. Burpee vegetables and herbs that shipped to 40 stores...complete success! We then ran our own 'garden' trial on many of the varieties from both line-ups, and the results were stunning in every way! We're sold on Burpee as a cornerstone of our Spring 2016 sales plan."

Paul, Jeanette, and Priscilla Johnson,
Owners, Liberty Family Farms Inc.,
Ludlow, Massachusetts

Peppermint Stick Celery (seed)

Height: 10 to 24 in. (25 to 60 cm)

Spread: 10 in. (25 cm)

This unique red celery is a real culinary delight! The striped candy pink and green stalks shade to green leaves. Intense, full-flavored celery is perfect for any kitchen garden, with abundant yields of 1/4-in. (0.6-cm) wide stalks. A beautiful addition to herb planters and mixed combo planters. Use the leaves and stalks for fresh seasoning all year. Tends to keep its color when cooked. Very slow to bolt. Harvest outer stalks, and inner stalks will grow for later harvesting; features a long harvest period.

Sweet Italian Large Leaf Basil (seed)

Height: 24 to 30 in. (60 to 75 cm)

Spread: 12 in. (30 cm)

This is THE authentic Neapolitan Basil for Italian cuisine, especially pesto. You can use it fresh or dried. This plant is a warrior in the garden, where it repels aphids, mites and tomato hornworms.

Try Basil (seed)

Height: 24 to 30 in. (60 to 75 cm)

Spread: 12 to 16 in. (30 to 40 cm)

Grow and sell three popular basil in one! Each multi-seed pellet produces a balanced blend of Genovese, serrated and dark red basil. Just one pellet in a 4-in. (10-cm) pot gives a nice, fast fill. Healthy, uniform plants ship well, look good at retail and are great for mixed containers.

Santo Cilantro (seed)

Height: 12 to 24 in. (30 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

One of the most popular fresh herbs, this cilantro is fast-growing and slow to bolt, so you can harvest later into the season. Its unmistakable sharp scent and taste have made it the staple herb in salsa and other Mexican dishes.

Sweet Mammoth Basil (seed)

Height: 18 to 24 in. (45 to 60 cm)

Spread: 18 to 24 in. (45 to 60 cm)

This lettuce-leaf variety from Italy grows ruffled leaves as large as your hand, delivering a very strong flavor that's perfect for sauces, pesto and even fresh on a sandwich.

Tabby Cat Grass (seed)

Height: 12 to 18 in. (30 to 45 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Bright white/green foliage makes an ornamental accent plant for indoor and outdoor containers, as well as an edible treat for both felines and humans. Provides vitamins and fiber for cats and people alike, and has gained popularity as a health "shot" at fitness centers. Will regrow when cut back for additional harvesting. NOTE: 30 seeds per gram.

Bouquet Dill (seed)

Height: 24 to 36 in. (60 to 90 cm)

Spread: 12 to 18 in. (30 to 45 cm)

This herb has attractive, delicate fernlike foliage and is a multipurpose plant you can grow for seeds or foliage. A great addition to herb gardens or patio containers (deeper than 10 in./25 cm) in almost any climate. It has a strong flavor used often with fish, lamb, potatoes and even peas. It's fast-growing and easy to maintain.

Fernleaf Dill (seed)

Height: 12 to 15 in. (30 to 38 cm)
Spread: 10 to 12 in. (25 to 30 cm)

The perfect patio container dill, and it's an All-America Selections Winner! Unlike taller, "floppy" varieties, these dwarf, compact plants do not need staking and won't topple over. Add in later flowering and lush, dark green leaves, and you've got plants that look great all season long.

Triple Curled Parsley (seed)

Height: 12 in. (30 cm)
Spread: 12 to 18 in. (30 to 45 cm)

Triple Curled is fast-growing and produces closely curled dark leaves. When mature, it holds for a long time, making harvesting easy. Use as a flavoring or garnish.

Sweet Marjoram (seed)

Height: 12 to 24 in. (30 to 60 cm)
Spread: 12 to 18 in. (30 to 45 cm)

Marjoram is sweeter and spicier than oregano but used in much the same way. Fresh or dried, its leaves are perfect for salads, dressings, lamb dishes and soups. You can begin lightly harvesting 6 weeks from planting.

PERENNIAL HERBS

Catnip (seed)

Height: 36 in. (90 cm)
Spread: 24 in. (60 cm)
USDA Hardiness Zones: 3 to 9

Catnip is a type of mint that grows into an attractive plant, with bluish flowers in mid-Summer. Begin harvesting when it's about 12 in. (30 cm) tall and continue all season.

Italian Dark Single Parsley (seed)

Height: 15 to 18 in. (38 to 45 cm)
Spread: 12 to 18 in. (30 to 45 cm)

This herb's flat, deeply cut, dark green leaves are very flavorful and attractive. It grows well in sun or part shade, and adds texture to mixed containers.

Summer Savory (seed)

Height: 12 to 20 in. (30 to 50 cm)
Spread: 12 to 20 in. (30 to 50 cm)

The peppery-tasting leaves are one of the essential ingredients in Herbs de Provence (along with rosemary, thyme and oregano). Whorls of light purple flowers add a touch of color to the green-leafed plants in the Summer.

Sweet Leaf Stevia (seed)

Height: 18 to 30 in. (45 to 75 cm)
Spread: 12 to 18 in. (30 to 45 cm)

The incredibly sweet leaves are an herbal alternative to sugar and are up to 30 times sweeter. Each bushy, high-yielding plant yields up to 0.5 lb. (227 g) of dried leaves. Also useful fresh.

Garlic Chives (seed)

Height: 24 to 30 in. (60 to 75 cm)
Spread: 12 to 16 in. (30 to 40 cm)
USDA Hardiness Zones: 3 to 10

Garlic-flavored leaves can be enjoyed fresh or dried. Plants will tolerate light shade, but try for full sun and harvest the stem almost all the way to the ground to ensure new stems.

Onion Chives (seed)

Height: 12 to 18 in. (30 to 45 cm)
Spread: 8 to 12 in. (20 to 30 cm)
USDA Hardiness Zones: 3 to 10

Chives are an attractive edging for any flower or vegetable garden and a versatile kitchen herb. Chives grow well in gardens or patio containers and can be harvested continuously from early Summer until frost.

Lemon Balm (vegetative)

Height: 18 to 24 in. (45 to 60 cm)
Spread: 18 to 24 in. (45 to 60 cm)
USDA Hardiness Zones: Hardy to Zone 5

Lemon-scented leaves freshen soups, salads, sauces and vegetables - they're also great for flavoring tea.

Apple Mint (vegetative)

Height: 18 to 24 in. (45 to 60 cm)
Spread: 12 to 24 in. (30 to 60 cm)
USDA Hardiness Zones: Hardy to Zone 6

Slightly fruity scent and taste are perfect for fruit salads and garnishing drinks.

Peppermint (seed)

Height: 12 to 24 in. (30 to 60 cm)
Spread: 24 to 36 in. (60 to 90 cm)
USDA Hardiness Zones: 3 to 10

Peppermint makes a unique ornamental plant. It's best as a dried herb with vegetables, as a garnish, in sauces and combined with other herbs to make tea.

Ellagance Purple Lavender (seed)

Height: 12 to 16 in. (30 to 40 cm)
Spread: 10 to 14 in. (25 to 35 cm)
USDA Hardiness Zones: 6 to 9

Great as a garden plant and for drying and arranging, first-year-flowering Ellagance Purple has rich green foliage and large, elegant flowers that bloom all Summer and attract butterflies.

Lemongrass (seed)

Height: 36 in. (90 cm)
Spread: 24 in. (60 cm)
USDA Hardiness Zones: 8 to 11

This attractive grass is used in Asian cuisine to add a "sweet-sour" lemon flavor. Its leaf stalks and leaves can be used fresh or powdered.

Chocolate Mint (vegetative)

Height: 18 to 24 in. (45 to 60 cm)
Spread: 12 to 24 in. (30 to 60 cm)
USDA Hardiness Zones: Hardy to Zone 4

Subtle chocolate flavor is wonderful in desserts and tea!

Pineapple Variegated Mint (vegetative)

Height: 18 to 24 in. (45 to 60 cm)
Spread: 18 to 24 in. (45 to 60 cm)
USDA Hardiness Zones: Hardy to Zone 5

Smells like pineapple, tastes like mint! Perfect for garnishing desserts and drinks.

Spearmint (seed)

Height: 12 to 24 in. (30 to 60 cm)

Spread: 24 to 36 in. (60 to 90 cm)

USDA Hardiness Zones: 3 to 10

Spearmint is best harvested as soon as you see it bloom. Use its flavorful leaves with vegetables and in any Summer drink, especially mojitos.

Greek Oregano (seed)

Height: 12 to 24 in. (30 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

USDA Hardiness Zones: 5 to 9

Harvest the dark green leaves for their warm and spicy flavor that is stronger than regular oregano. The bushy plants are topped by white flowers in Summer.

Variegated Oregano (vegetative)

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 14 in. (30 to 35 cm)

USDA Hardiness Zones: Hardy to Zone 5

Pretty green and white leaves make this oregano as popular in the garden as it is in the kitchen.

Italian Oregano (seed)

Height: 12 to 24 in. (30 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

USDA Hardiness Zones: 5 to 10

This versatile culinary herb is widely used, most often dried, in Italian dishes, tomato sauce, pizza, fish and salad dressing. Oregano requires little maintenance and makes an excellent edging plant or ground covering, even in dry garden spots.

Hot & Spicy Oregano (vegetative)

Height: 36 in. (90 cm)

Spread: 12 to 14 in. (30 to 35 cm)

USDA Hardiness Zones: Hardy to Zone 5

Very flavorful oregano makes a great addition to Mexican dishes. Can substitute for common oregano, but reduce the amount by half.

Arp Rosemary (vegetative)

Height: 12 to 48 in. (30 to 120 cm)

Spread: 12 to 24 in. (30 to 60 cm)

USDA Hardiness Zones: Hardy to Zone 6

Use the leaves fresh or dried in stews, breads, meats, fish and vegetables. Evergreen leaves and pale blue flowers are nice in sachets as well.

Rosemary (seed)

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

USDA Hardiness Zones: 7 to 10

A very versatile and popular herb, rosemary makes a beautiful ornamental plant, as well as great culinary seasoning with exceptionally flavorful leaves. Clip individual rosemary leaves or stem tips as needed, and use for flavoring meats, poultry and potatoes.

Berggarten Sage (vegetative)

Height: 12 to 20 in. (30 to 50 cm)

Spread: 12 to 20 in. (30 to 50 cm)

USDA Hardiness Zones: Hardy to Zone 6

Compact, ornamental sage has gray-green leaves with superb aroma and flavor for sauces, stuffing, sausage and more. Berggarten sends up purple flower spikes in early to mid-Summer.

Icterina Sage (vegetative)

Height: 18 to 24 in. (45 to 60 cm)

Spread: 24 to 30 in. (60 to 75 cm)

USDA Hardiness Zones: Hardy to Zone 6

With its variegated leaves, Icterina looks great in the garden and tastes great in main courses, salads and breads.

French Tarragon (vegetative)

Height: 16 to 24 in. (40 to 60 cm)

Spread: 16 to 24 in. (40 to 60 cm)

USDA Hardiness Zones: Hardy to Zone 5

Leaves have a distinctive anise flavor and scent. Use fresh or dried to flavor fish, meats, vegetables, eggs, salads and sauces.

Spice Island Rosemary (vegetative)

Height: 24 to 30 in. (60 to 75 cm)

Spread: 18 to 24 in. (45 to 60 cm)

USDA Hardiness Zones: Hardy to Zone 7

Distinctive flavor has a hint of cloves and nutmeg - delicious fresh or dried. Attractive upright habit makes a nice low hedge or border; great for containers, too.

Sage (seed)

Height: 18 to 24 in. (45 to 60 cm)

Spread: 14 to 18 in. (35 to 45 cm)

USDA Hardiness Zones: 4 to 8

Sage is one of the best garden herbs because when protected, it will grow into a sturdy perennial shrub in most climates. The leaves are best when harvested before or just after blooming. Use fresh or dried with poultry, sausages, meats and vegetables.

Tricolor Sage (vegetative)

Height: 12 to 24 in. (30 to 60 cm)

Spread: 12 to 24 in. (30 to 60 cm)

USDA Hardiness Zones: Hardy to Zone 6

Marbled green, white and purple leaves lend color to herb gardens and flavor to many popular dishes. Strongly aromatic foliage is excellent fresh or dried.

English Thyme (vegetative)

Height: 12 to 14 in. (30 to 35 cm)

Spread: 12 to 14 in. (30 to 35 cm)

USDA Hardiness Zones: Hardy to Zone 4

A perennial favorite in the kitchen, this versatile seasoning flavors soups, poultry, fish, vegetables and sauces.

Lemon Thyme (vegetative)

Height: 12 to 15 in. (30 to 38 cm)

Spread: 12 to 15 in. (30 to 38 cm)

USDA Hardiness Zones: Hardy to Zone 6

Rich, lemon-scented leaves are good fresh or dried in salads, soups, stews, sauces, and meat or fish dishes.

Orange Scented Thyme (vegetative)

Height: 2 to 4 in. (5 to 10 cm)

Spread: 8 to 10 in. (20 to 25 cm)

USDA Hardiness Zones: Hardy to Zone 6

Traditional thyme flavor with a tangy twist of orange! Looks pretty in the garden, too, with its tiny pink flowers.

SPACE SAVER HERB COMBOS

Good Grillin' (seed)

When you're grilling meat and vegetables outdoors, you'll want this tasty trio close by. Includes parsley, rosemary and chives. A *Space Saver* variety.

Tuscan Trio (seed)

This trio of tasty herbs enhances every Italian dish. Includes parsley, basil and oregano. A *Space Saver* variety.

These variety recipes have been tested and the components were proven to work well together in large containers. To recreate these combinations, order each of the variety components separately.

Hi-Ho Silver Thyme (vegetative)

Height: 6 to 12 in. (15 to 30 cm)

Spread: 8 to 12 in. (20 to 30 cm)

USDA Hardiness Zones: Hardy to Zone 5

Attractive garden plant brings classic thyme flavor to chicken, vegetables and sauces.

Summer Thyme (seed)

Height: 12 to 18 in. (30 to 45 cm)

Spread: 18 to 20 in. (45 to 50 cm)

USDA Hardiness Zones: 6 to 10

Thyme is a handsome, low-growing plant with aromatic leaves used fresh or dried to flavor meats, poultry, stews, sauces, soups and dressings. Harvest mid-June through mid-July. Thyme is excellent in patio containers and is virtually free of pests and disease.

Kitchen Favorites (seed)

Every kitchen should have these flavorful essential herbs on hand. Includes dill, parsley, oregano and basil. A *Space Saver* variety.

***Exclusively Burpee!**

Growers know

"The Burpee Program is one of the more complete and well-thought-out programs out there. We started with Burpee vegetables because of the name recognition, POP and Burpee exclusives. Since then we have appreciated the support Burpee provides and their effort to keep relevant, and our customers have grown to expect the additional variety. The Burpee vegetables went over so well that we have now added the flower line."

Chris Ellingson, Sales and Marketing Coordinator, Dan and Jerry's Greenhouses, Monticello, Minnesota

SUMMER SNAP (ANGELONIA)

Serena® (seed)

Height: 16 to 20 in. (40 to 50 cm)

Spread: 12 to 14 in. (30 to 35 cm)

Best for: 306 packs, 4-in. (10-cm) pots

Don't be fooled by Serena's perky, fine flowers - you're looking at the toughest bedding plant around! This bullet-proof performer blooms continuously all season, with little water or work. A high-quality, economical choice for growers, Serena is a real stunner at retail, too.

- ▶ Purple
- ▶ White
- ▶ Mix

Archangel™ (vegetative)

Height: 12 to 14 in. (30 to 35 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

The biggest blooms in a heaven-sent garden superstar! Strong even in extreme heat, humidity and drought. Archangel boasts big blooms, vibrant colors and glossy, dark green foliage for huge Summer impact at retail, in landscapes, and in mixed and mono containers. It's easy to produce following standard culture and suitable for high-density production. Striking Archangel attracts pollinators, so it feeds the bees, but is also deer-resistant, so it stands tall in the garden.

ALYSSUM

Clear Crystal® ☀️ (seed)

Height: 6 to 10 in. (15 to 25 cm)

Spread: 12 to 14 in. (30 to 35 cm)

Best for: 306 packs, 4-in. (10-cm) pots

Delight home gardeners with graceful blooms that outperform other alyssum for size and scent! Hardy, heat-tolerant plants fill garden beds and containers with masses of fragrant flowers. Clear Crystal is easy to produce with few PGRs and little or no heat. Colors are well-matched for production.

BACOPA

New MegaCopa™ ☀️ (vegetative)

Height: 4 to 6 in. (10 to 12 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Best For: 4-in. (10-cm) pots

This new bacopa has big, showy blooms and excellent heat performance. Features a grower-friendly controlled habit and offers better center fill than Abunda™, which it replaces. White is THE choice for baskets, with much better heat performance (replaces Abunda Giant White). Good for mixes, too.

BEGONIA

Dragon Wing® (seed)

Height: 12 to 15 in. (30 to 38 cm)

Spread: 15 to 18 in. (38 to 45 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Vigorous Dragon Wing fills baskets, pots and shady gardens with graceful, arching foliage and large blooms. This award winner shines through heat, humidity and cool temperatures - right up until frost.

- ▶ Red
- ▶ Pink

Pink

Sparks Will Fly (vegetative)

Height: 15 to 18 in. (38 to 45 cm)

Spread: 15 to 18 in. (38 to 45 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Looking for something different in a begonia? Stand back! Sparks Will Fly dazzles with tangerine-orange blooms that glow like embers against unique dark bronze foliage and flush yellow in the Fall. This stunning plant is easy to grow and fast to finish, with a medium "rounded mounded" habit that sizes up quickly but stays controlled. Sure to be a big impulse item at retail.

Find complete how-to-grow info for Sparks Will Fly and all the Burpee varieties at BurpeeHomeGardensBrand.com.

Whopper® (seed)

Height: 34 in. (85 cm)

Spread: 22 in. (55 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

These monster plants garner attention everywhere, thanks to their huge blooms, bold color and ability to stand tough through blazing heat. Gardeners will love Whopper in mass plantings and large containers.

Yang Red

Yin 🌞 🌑 (seed)

Yang 🌞 🌑 (seed)

Height: 6 to 8 in. (15 to 20 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Best for: 306 packs, 4-in. (10-cm) pots

Opposites attract! Bronze-leaved Yin and green-leaved Yang varieties deliver the same high-impact, season-long color. Both series produce terrific flower power from Spring through Fall, have excellent heat tolerance, and finish up to two weeks faster than other begonias. Great garden performers in both northern and southern climates.

FOLIAGE BEGONIA

Gryphon 🌞 🌑 (seed)

Height: 14 to 16 in. (35 to 40 cm)

Spread: 16 to 18 in. (40 to 45 cm)

Best for: 6-in. (15-cm) pots

Amazing foliage begonia brings a big “wow” factor to retail programs. Showy displays, low water needs and indoor/outdoor versatility make Gryphon popular with retailers and gardeners. It's easy and quick to produce, as Gryphon fits into existing begonia plug culture.

BIDENS

Sunbeam 🌞 (vegetative)

Height: 10 to 14 in. (25 to 35 cm)

Spread: 18 to 28 in. (45 to 70 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots, hanging baskets

High-vigor variety is a vivid companion plant to other early-season annuals. Sunbeam has good heat tolerance in gardens and landscapes, and can be grown cool to save energy.

Isabells

Isabells Deep Yellow,
Rose and Purple
Calibrachoa

CALIBRACHOA

Exclusively Burpee!

Isabells 🌞 (vegetative)

Height: Varies by color

Spread: Varies by color

Best for: 4 and 6-in. (10 and 15-cm) pots

Tiny, petunia-like blooms bring enormous flower power to pots, mixed containers and baskets!

This show-stopping series offers a wide range of colors guaranteed to keep gardeners coming back for more. Early-blooming plants tolerate cool temperatures and stay lush all season long.

► Bright Red

Height: 6 to 10 in. (15 to 25 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Isabells Hot Pink and Purple Calibrachoa

My Garden Designer "Top Combo" contains
Isabells Deep Yellow Calibrachoa with Henna
Coleus and Aztec Blue Velvet Verbena

COLEUS

Chocolate Covered Cherry 🌞 🌿 (seed)

Height: 12 to 14 in. (30 to 35 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Blend the scrumptious multi-color pattern with terrific performance in both sun and shade - and this is one tasty garden treat! Each fade-proof leaf shows off a rose center, surrounded by deep mahogany and edged with a thin green margin. Great in planters, beds and mixed containers.

Henna 🌞 🌿 (vegetative)

Height: 22 to 28 in. (55 to 70 cm)

Spread: 14 to 16 in. (35 to 40 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Nothing beats Henna for exotic appeal - shoppers will stop in their tracks! Serrated chartreuse foliage warms to copper with deep burgundy undersides. This very uniform coleus thrives in sun or shade, bringing big visual interest to gardens and large pots.

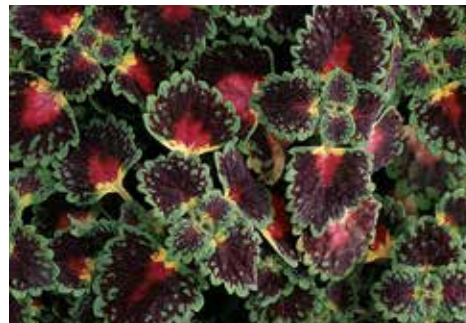

Redhead 🌞 🌿 (vegetative)

Height: 18 to 24 in. (45 to 60 cm)

Spread: 28 in. (70 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Everybody loves a real Redhead! This is the truest, boldest red you'll find in any coleus, keeping its bright tones in sun or shade. Redhead is a must-have for any coleus collection, fast and easy to grow for high impact at retail.

Lava Rose 🌞 🌿 (vegetative)

Height: 6 to 10 in. (15 to 25 cm)

Spread: 18 to 24 in. (45 to 60 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

This baby absolutely overflows with tons of sizzling color! The unique mounded and trailing coleus grows fast and fills in combos and baskets. The low-maintenance, high-impact plants are great as a low-growing annual groundcover, too, with very late flowering. Dense and sturdy, Lava Rose ships well.

Vino 🌞 🌿 (vegetative)

Height: 18 to 30 in. (45 to 75 cm)

Spread: 24 to 28 in. (60 to 70 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Gardeners everywhere will raise a toast to this easy-going, eye-catching coleus! Deep wine-colored leaves darken in the sun - a nice addition in landscapes or large containers.

Wasabi 🌞 🌿 (vegetative)

Height: 18 to 28 in. (45 to 70 cm)

Spread: 16 to 28 in. (40 to 70 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

This is one Wasabi you can't have too much of! Durable and rugged, Wasabi's brilliant chartreuse, serrated leaves hold up in sun or shade without fading or spotting. Try offering it paired with Redhead - it's a spicy and sizzling combination!

► Box Office Bronze

Exclusively Burpee!

Marquee™ Collection 🌞🌿 (vegetative)

Height: 18 to 24 in. (45 to 60 cm)

Spread: 16 to 18 in. (40 to 45 cm)

Best for: 4 in. (10 cm) and larger pots

Naturally densely branched, compact varieties require little pinching and are ideal for small container production. Marquee's controlled vigor shines in mixed combos and landscapes. Great for both sun and shade!

Shadowy patios to sun-blazed gardens, Marquee takes a starring role thanks to amazing colors, easy-care attitude and extreme fill-ability from small pots to mixed combos.

CUPHEA

Firecracker ☀️ (vegetative)

Height: 10 to 14 in. (25 to 35 cm)

Spread: 12 to 14 in. (30 to 35 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Looking for a splash of sunny color? Bright red and purple flowers “pop” above the green leaves. Versatile mounded and trailing plants are useful for baskets, mixed containers and groundcover. Loves the heat! Popular with hummingbirds, too!

Purple

Rose Magic

DIANTHUS

Bouquet™ ☀️ (seed)

Height: 18 to 24 in. (45 to 60 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Lightly scented, long-lasting Bouquet is excellent for cutting gardens. Vigorous plants with strong, straight stems tolerate heat well and overwinter in zones 4 to 9.

► **Purple**

► **Rose Magic**

Cherry

Pink

Jolt™ ☀️ (seed)

Height: 16 to 20 in. (40 to 50 cm)

Spread: 12 to 14 in. (30 to 35 cm)

Best for: 6-in. (15-cm) pots and larger

Jolt delivers *Shocking Summer Color!™* This interspecific heat-tolerant dianthus provides a powerful surge of season-long performance and electrifying color in landscapes and containers. Its well-branched plant habit makes Jolt grower-friendly and easy to produce in premium containers with less to no PGRs.

► **Cherry**

► **Pink** *All-America Selections National Winner*

Bouquet Purple Dianthus

Cherry

Picotee

Violet

Floral Lace ☀️ (seed)

Height: 8 to 10 in. (20 to 25 cm)

Spread: 8 in. (20 cm)

Best for: 306 packs

Big, lacy blooms make Floral Lace stand out in any garden or planter. It can take tough conditions as an annual or biennial. Good for high-density Spring and Fall pack/small pot programs.

► **Cherry**

► **Picotee**

► **Violet**

DICHONDRA

Silver Falls ☀️ (seed)

Height: 2 to 3 in. (5 to 7 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Best for: 4-in. (10-cm) pots

Soft, silver-green foliage cascades over baskets and containers, or trails beautifully as a low-growing groundcover. Silver Falls complements countless flowering plants with elegant texture and color, and withstands drought and heat like no other spiller.

Blush

White

Dark Pink

White

Strawberry Sizzle

EUPHORBIA

Breathless® ☀️ 🌿 (vegetative)

Best for: 4 and 6-in. (10 and 15-cm) pots

You won't believe how durable and carefree Breathless is: extremely heat-tolerant, with low water needs and no deadheading. Stocky and well-mounded, it's fast to fill solo and mixed containers, and thrives as an in-ground plant.

▶ **Blush**

Height: 8 to 12 in. (20 to 30 cm)

Spread: 20 to 24 in. (50 to 60 cm)

▶ **White**

Height: 10 to 15 in. (25 to 38 cm)

Spread: 24 to 28 in. (60 to 70 cm)

GAURA

Belleza™ ☀️ 🌿 (vegetative)

Height: 12 to 16 in. (30 to 40 cm)

Spread: 16 to 20 in. (40 to 50 cm)

USDA Zones: Temperate perennial in Zones 6 to 10

Best for: 4 and 6-in. (10 and 15-cm) pots

The perfect partner for other sun lovers! The upright, well-branched plants are covered with little blooms on short flower stems all season long. Butterflies and hummingbirds flock to heat and drought-tolerant gaura all Summer.

▶ **Dark Pink**▶ **White**

GERANIUM

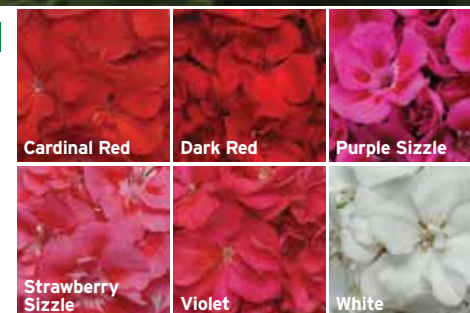

Fantasia® ☀️ 🌿 (vegetative)

Height: 12 to 14 in. (30 to 35 cm)

Spread: 12 to 14 in. (30 to 35 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

If you thought a vigorous dark-leaved zonal geranium was just a fantasy...meet Fantasia! Deep green foliage complements large, semi-double flowers for big retail impact. And the vigor? Fantasia loves the heat and lasts all season. Very uniform and controlled, this geranium looks great in larger pots and hanging baskets.

Enlighten

IMPATIENS

Exclusively Burpee!

Enlighten 🌻 (seed)

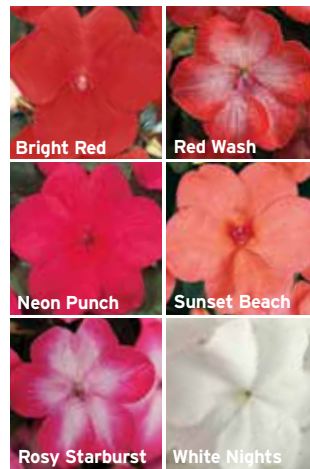

Height: 9 to 11 in. (23 to 28 cm)

Spread: 13 to 15 in. (33 to 38 cm)

Best for: 306 packs, 4-in. (10-cm) pots

Light up shady beds and containers with bursts of brilliant color! An excellent landscape performer, Enlighten will have retailers and gardeners clamoring for more. And because it's extremely uniform and easy to produce, you can oblige them. All colors are well-matched to bloom together and flower freely all season.

- ▶ **Bright Red**
- ▶ **Neon Punch**
- ▶ **Red Wash**
- ▶ **Rosy Starburst**
- ▶ **Sunset Beach**
- ▶ **White Nights**

Exclusively Burpee!

Enlighten Flutter 🌻 (seed)

Height: 10 to 12 in. (25 to 30 cm)

Spread: 15 to 16 in. (38 to 40 cm)

Best for: 306 packs, 4-in. (10-cm) pots

More than a single...but different from a double. Fancy flowers in a range of unique colors have big retail appeal. Easy to produce, with a spreading habit that's great for gardens and landscapes.

IMPATIENS WALLERIANA

Patchwork™ (vegetative)

Height: 10 to 16 in. (25 to 40 cm)

Spread: 12 to 14 in. (30 to 35 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Distinctive Patchwork "wows" with unique, patterned flowers all season long. Brilliant colors make high-impact retail displays. A strong performer in shady containers and landscapes, Patchwork is easy to produce, following standard Fiesta double impatiens culture.

- ▶ Cosmic Burgundy
- ▶ Cosmic Orange
- ▶ Peach Prism
- ▶ Pink Shades

NEW GUINEA IMPATIENS

Celebrette™ (vegetative)

Height: 8 to 10 in. (20 to 25 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Best for: 4-in. (10-cm) pots

Showy, tropical look stands up to heat and thrives in cool conditions. Gardeners love Celebrette's early, continuous flowering and big, eye-catching blooms in the ground or in pots. Retailers love its controlled habit and solid sell-through. Growers love all of that, plus its uniform timing across all four colors.

- ▶ Orange Crush Improved
- ▶ Frost
- ▶ Grape Crush Improved
- ▶ Red

DOUBLE IMPATIENS

Fiesta™ (vegetative)

Height: 10 to 16 in. (25 to 40 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Best for: 4-in. (10-cm) pots

Gardeners can't resist these mini-rose look-alikes - especially when they see how easy they are to maintain! These early bloomers are easy to grow, too: excellent branching and uniformity mean less stretching and fewer PGRs. Ideal for landscapes, baskets, combos and patio planters.

- ▶ Sparkler Cherry
- ▶ Purple
- ▶ Salsa Red

Blackie

Marguerite

SWEET POTATO VINE (IPOMOEA)

Blackie (vegetative)

Height: 10 to 12 in. (25 to 30 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

What's the best way to set off bright mixed containers? Bring in Blackie's deep purple foliage! This classic vine cascades from patio pots and baskets, providing a dramatic contrast to full-sun flowers.

Marguerite (vegetative)

Height: 10 to 12 in. (25 to 30 cm)

Spread: 24 to 36 in. (60 to 90 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Cascading Marguerite makes mixed containers magnificent! This popular chartreuse vine adds a bright color and texture to pots, baskets, window boxes and garden beds.

IRESENE

Blazin' Rose 🌞🌿 (vegetative)

Height: 18 to 30 in. (45 to 90 cm)

Spread: 16 to 20 in. (40 to 50 cm)

Best for: 6-in. (15-cm) pots

Striking multicolor leaves put on an eye-catching show. A great standout in mixed plantings - the strong vigor assures that the plant won't get lost! Also ideal for garden beds.

Sunrise Rose

Flame

Pure Gold

White

LANTANA

Jade Frost 🌞🌿 (vegetative)

Height: 8 to 10 in. (20 to 25 cm)

Spread: 36 to 48 in. (90 to 120 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Colorful deep green leaves with heavy silver mottling and small, pale yellow flowers. Fast-growing, trailing plant is the perfect addition to mixed planters and baskets. Makes a shimmering garden edging, too.

LANTANA

Lucky™ 🌞🌿 (vegetative)

Height: 12 to 16 in. (30 to 40 cm)

Spread: 12 to 14 in. (30 to 35 cm)

Best for: 4-in. (10-cm) pots

This compact lantana loves the heat and looks sensational in pots, baskets and mixed combos. Excellent branching means fewer pinches and PGRs. Less seed set means more continuous flowering.

- ▶ Sunrise Rose
- ▶ Flame
- ▶ Pure Gold

LOBELIA

Early Springs™ 🌞🌿 (vegetative)

Height: 8 to 10 in. (20 to 25 cm)

Spread: 8 to 14 in. (20 to 35 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Lots of blooms for lots of color - just one plant fills a quart or gallon container! Try mixing colors for a great-looking monoculture basket. Free-flowering Early Springs (formerly Hot Springs™) is great for energy-saving cool growing, but it performs beautifully in the heat, too!

LYSIMACHIA

Goldilocks 🌞 (vegetative)

Height: 2 to 4 in. (5 to 10 cm)

Spread: 12 in. (30 cm)

USDA Zones: Temperate perennial in Zones 3 to 10

Best for: 4 and 6-in. (10 and 15-cm) pots

Low care, big looks in mixed containers and landscapes! This trailing, self-cleaning plant has golden lime green leaves that turn iridescent in the sun.

AFRICAN MARIGOLD

Taishan® 🌞 (seed)

Height: 10 to 12 in. (25 to 30 cm)

Spread: 8 to 10 in. (20 to 25 cm)

Best for: 306 packs, 4-in. (10-cm) pots

This is one tough, durable and beautiful garden classic. Taishan's enormous, tightly petaled flowers look terrific at retail, with less breakage and long shelf life. In beds or containers, they're virtually indestructible, providing season-long color even through the worst weather.

- ▶ Orange
- ▶ Yellow

FRENCH MARIGOLD

Durango® 🌞 (seed)

Height: 10 to 12 in. (25 to 30 cm)

Spread: 6 to 8 in. (15 to 20 cm)

Best for: 306 packs, 4-in. (10-cm) pots

This classic French marigold delivers outstanding performance from the bench to the garden - even through heat and frost! Early, free-flowering plants feature uniform height and good branching. Durango's fragrant, 2 to 2.5-in. (5 to 6-cm) flowers display lots of long-lasting color in garden beds and containers.

- ▶ Bolero
- ▶ Orange
- ▶ Yellow

MULTI-SPECIES

Burpee Combo 🌻 (vegetative)

Height: Varies by mix

Best for: 6-in. (15-cm) pots, hanging baskets

Perfectly balanced, innovative mixes! Single-stuck multiliners contain individually propagated and custom-treated varieties for consistent performance and good looks that keep customers coming back.

► Spirits United

Height: 15 to 17 in. (38 to 42 cm)

► Cherry Plum Tart

Height: 15 to 17 in. (38 to 42 cm)

► Eye Caramba

SPRING DAISY (OSTEOSPERMUM)

Voltage™ Yellow 🌻 (vegetative)

Height: 10 to 16 in. (25 to 40 cm)

Spread: 24 to 28 in. (60 to 70 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

This high-impact spring daisy is the first in bloom... and the last one out! Incredibly vibrant yellow flowers stop traffic at retail and electrify baskets, containers and landscapes. Voltage Yellow branches beautifully, so you need fewer PGRs to produce naturally full and compact plants.

Exclusively Burpee!

White Lightning (vegetative)

Height: 12 to 18 in. (30 to 45 cm)

Spread: 14 to 20 in. (35 to 50 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

White Lightning is one of the best Summer-performing osteos! Strong and weather-tolerant, it really stands up to heat...and that means three-season shelf life and all-Summer garden shows. You can grow White Lightning in any climate, as it's on par with popular Voltage Yellow. The cheery white blooms are striking even when "asleep," with bright flashes from the yellow undersides.

Flash Mob

TRAILING PETUNIA

Flash Mob 🌞 (vegetative)

Height: 10 to 16 in. (25 to 40 cm)

Spread: 20 to 30 in. (50 to 75 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

WOW! This superstar series will really get the party started in your Burpee color program. There have never been colors like these in vegetative trailing petunias - the color-charged flowers burst out of the mounded/trailing plants all Summer. And these one-of-a-kind petunias are so easy to grow in baskets and patio planters, gardeners will have plenty of time to play.

PETUNIA

Black Magic 🌞 (vegetative)

Height: 10 to 16 in. (25 to 40 cm)

Spread: 16 to 20 in. (40 to 50 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

The blackest black petunia on the market! This elegant variety mixes well with other sun-loving garden favorites and makes the color pop! These stunning blooms are sure to be the star of gardens and planters, and will definitely keep registers ringing at retail! The grower-friendly, mounding plants time right along with Pinstripe and Phantom.

Phantom 🌞 (vegetative)

Height: 8 to 12 in. (20 to 30 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Another breeding breakthrough! Easy-to-grow Phantom features a distinctive yellow star pattern on a pure black background. It's a stunner in containers, and partners perfectly with Black Magic and Pinstripe on the bench, at retail and in the garden.

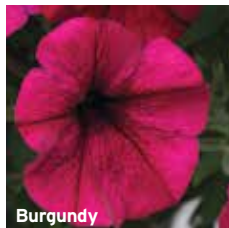

Pinstripe 🌞 (vegetative)

Height: 8 to 12 in. (20 to 30 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

A dressy garden classic, Pinstripe shares the same plant habit and easy culture as Black Magic and Phantom. This sophisticated petunia's deep purple - almost black - blooms show off a sleek, creamy white star pattern, beautiful in baskets and pots.

TRAILING PETUNIA

Suncatcher™ 🌞 (vegetative)

Height: 8 to 12 in. (20 to 30 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Suncatcher is easy to grow and early to flower, even under cool conditions! Mounded, trailing series creates flower-filled plants from tip to top, making it a must-have for color-filled baskets and containers. Suncatcher is well-matched across colors for uniformity of habit and flowering.

- ▶ Burgundy
- ▶ Midnight Blue
- ▶ Red

PLECTRANTHUS

Variegated 🌞 (vegetative)

Height: 8 to 10 in. (20 to 25 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Pretty two-toned accent plant is very versatile - it's excellent used "solo" in hanging baskets, as a groundcover or as an accent plant in mixed containers and window boxes. The attractive white-edged foliage graces long, trailing stems.

PORTULACA

Rio Grande™ 🌞 (vegetative)

Height: 3 to 4 in. (7 to 10 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Best for: 4 and 6-in. (10 and 15-cm) pots

Big, bright flowers highlight the full, fast-growing plants, adding a taste of the tropics to gardens. The drought-tolerant, low-spreading plants thrive through Summer heat. Best in well-drained soil.

- ▶ Magenta
- ▶ Scarlet
- ▶ Yellow

RUDBECKIA

Tiger Eye (seed)

Height: 24 in. (60 cm)

Spread: 24 in. (60 cm)

Best for: 6-in. (15-cm) pots

Like its exotic namesake, Tiger Eye is tough, strong and colorful! Its long-lasting, single, golden-yellow blooms tolerate light shade and dry conditions. Featuring outstanding plant and flower uniformity on the bench and in the garden, this rudbeckia is well-suited to 6-in. (15-cm) programs.

Purple

Red

Vista (seed)

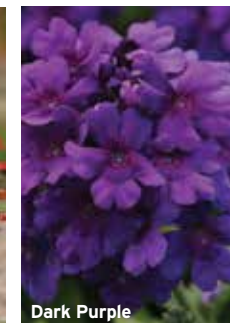

Height: 10 to 12 in. (25 to 30 cm)

Spread: 8 in. (20 cm)

Best for: 306 packs

Vista is one of the most vibrant salvias you can grow! This "Hot Summer Survivor" delivers dense, full spikes of intense color that won't fade, even when exposed to the brightest sun.

SALVIA

Mystic Spires Blue (vegetative)

Height: 18 to 24 in. (45 to 60 cm)

Spread: 12 to 18 in. (30 to 45 cm)

Best for: 6-in. (15-cm) pots

Mystic Spires Blue stays "true blue" all Summer, even through heat and drought. Sturdy plants are well-branched and free-flowering, with plenty of lush, dark green foliage to offset the bold blue spikes. This premium variety delivers excellent garden performance that keeps consumers coming back.

SNAPDRAGON

Snapshot™ (seed)

Height: 6 to 10 in. (15 to 25 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Best for: 306 packs

Bushy, compact plants offer stunning shows in gardens and landscapes. The series features uniform flowering, with a 7-day window for Spring and Fall sales in packs.

UpTown™

ZINNIA

Exclusively Burpee!

UpTown (seed)

Height: 18 to 24 in. (45 to 60 cm)

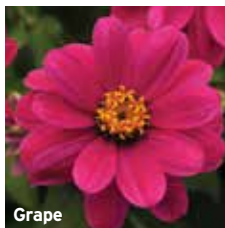

Spread: 18 to 24 in. (45 to 60 cm)

Best for: 4-in. (10-cm) pots

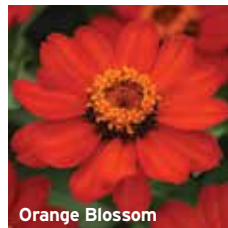

Think “zinnia,” think “Burpee.” UpTown is the new Burpee classic. Strong, spreading plants stand tall and full in the heat, even with less watering. Large, colorful flowers provide plenty of appeal at retail and in the garden.

Frosted Strawberry

Grape

Orange Blossom

Pink Champagne

Sunstreak

Exclusively Burpee!

Bridesmaid (seed)

Height: 14 to 18 in. (35 to 45 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Best for: 4-in. (10-cm) pots

This Bridesmaid steals all the attention, with its fluffy, double lemon yellow blooms. As tough as it is pretty, easy-care Bridesmaid thrives in containers and beds and makes a beautiful cut flower indoors.

Exclusively Burpee!

Champagne Toast (seed)

Height: 14 to 18 in. (35 to 45 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Best for: 4-in. (10-cm) pots

Champagne Toast gives gardeners something to celebrate! Large, double pink blooms bring an elegant touch to mixed containers and gardens, as well as indoor vase arrangements. A low-water needs, easy-care variety.

Exclusively Burpee!

White Wedding (seed)

Height: 14 to 18 in. (35 to 45 cm)

Spread: 10 to 12 in. (25 to 30 cm)

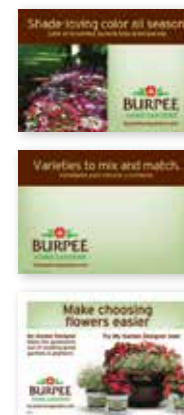

Best for: 4-in. (10-cm) pots

Add a little romance to Summer containers and landscapes. Double ivory-white blooms thrive without a lot of maintenance or water. Gardeners will love White Wedding as a cut flower, too!

Terms & Conditions of Sale

Visit ballseed.com for current Terms & Conditions of Sale.

Note: Ball Terms & Conditions of Sale are country/region specific. The following Terms & Conditions of Sale apply to product sold within the United States and Canada.

Acceptance of Terms

These terms and conditions shall govern orders for seeds, bulbs, plants, supplies and other materials (merchandise) placed with Seller. All negotiations with sales representatives or other agents of Seller are merged herein. No modification of these terms and conditions shall be effective unless in writing signed by Seller. Placement of the order shall constitute Purchaser's acceptance of these terms and conditions. All orders are subject to acceptance by Seller at our offices in West Chicago, Illinois.

Limitation of Warranty

Seller warrants, to the extent required by law, that merchandise conforms to the description appearing in Seller's catalog and on container labels, within recognized tolerances. SELLER MAKES NO OTHER OR FURTHER WARRANTY, EXPRESS OR IMPLIED. ALL OTHER OR FURTHER WARRANTIES, INCLUDING ANY WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXCLUDED. Certain merchandise may be separately warranted by the manufacturer. Seller does not adopt or ratify any manufacturer warranties, express or implied, and Seller shall have no liability thereunder. Seller does not adopt or ratify any manufacturer warranties, express or implied, made by Purchaser upon resale of the merchandise, and Seller shall have no liability thereunder.

Limitation of Remedy

PURCHASER'S SOLE AND EXCLUSIVE REMEDY SHALL BE REFUND OF THE PURCHASE PRICE. SELLER'S LIABILITY, WHETHER FOR BREACH OF CONTRACT, BREACH OF WARRANTY, NEGLIGENCE, PRODUCTS LIABILITY OR ANY OTHER THEORY OF LIABILITY, IS LIMITED TO THE AMOUNT OF THE PURCHASE PRICE. UNDER NO CIRCUMSTANCES SHALL SELLER BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE, OR FOR ANY SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES.

Excluded Use

Merchandise is not intended for immediate or eventual sale to commercial growers, truck farmers, market gardeners or others who sell fruit or vegetables to the end user.

Mandatory Arbitration

ANY CLAIM WHICH PURCHASER MAY HAVE AGAINST SELLER ARISING OUT OF OR RELATING TO THE SALE OF THE MERCHANDISE SHALL BE SETTLED BY BINDING ARBITRATION IN ACCORDANCE WITH THE COMMERCIAL ARBITRATION RULES OF THE AMERICAN ARBITRATION ASSOCIATION, SAID ARBITRATION TO BE VENUED IN COOK OR DUPAGE COUNTIES, ILLINOIS. The laws of several states require arbitration, conciliation or mediation of disputes involving allegedly defective seed before legal action may be taken. Purchaser should contact the State Department Of Agriculture for information. Such laws typically require that a complaint be filed with the State Department Of Agriculture in time to permit inspection of the seed, crops or plants. If such a complaint is filed, a copy must be sent to Seller by registered or certified mail.

Governing Law, Jurisdiction & Venue

The laws of the State of Illinois, including but not limited to the Uniform Commercial Code as adopted therein, shall govern all matters arising out of or relating to Seller's sale of merchandise. ANY DISPUTE NOT SUBJECT TO ARBITRATION AND ANY ACTION TO ENFORCE AN ARBITRATION AWARD ARISING OUT OF OR RELATING TO THE SALE OF MERCHANDISE HEREUNDER SHALL BE MAINTAINED IN THE STATE OR FEDERAL COURTS LOCATED IN DUPAGE OR COOK COUNTIES, ILLINOIS, AND PURCHASER SUBMITS TO THE JURISDICTION OF AND VENUE IN SAID COURTS.

Indemnity

By accepting merchandise, Purchaser agrees to defend Seller, to hold it harmless and indemnify it from and against any claim or loss asserted by any or all transferees of such merchandise or users of the products of such merchandise who are not notified by Purchaser in writing of Limitation of Warranty, Limitation of Remedy, Mandatory Arbitration, Governing Law Jurisdiction and Venue, and Notice Regarding Seed-Borne Diseases in language substantially equivalent to that contained in these Terms and Conditions of Sale.

Prices

All prices are subject to change without notice. The price in effect at time of shipment will prevail. Prices do not include installation; Seller takes no responsibility, and shall have no liability for installation. Requests to package seed in unlisted sizes will incur a charge of \$0.75 per packet. Additional processing and handling charges may be added.

Payment

Payment is due in invoiced currency and in accordance with the terms specified on invoice. In the event of default in the payment of any amount when due, and in addition to all other rights and remedies available to Seller, SELLER SHALL BE ENTITLED TO COLLECT A LATE CHARGE OF 2% PER MONTH (24% PER YEAR) OR THE MAXIMUM RATE ALLOWED BY LAW, WHICHEVER IS LESS, ON ALL AMOUNTS PAST DUE FROM THE DATE DUE UNTIL THE DATE PAID. A FEE OF \$25.00 WILL BE CHARGED FOR ANY RETURNED CHECK, DECLINED EFT TRANSACTION OR DECLINED BANKCARD TRANSACTION.

Freight & Handling Charges, Inspection, Damaged Goods

The freight and handling charge on Purchaser's invoice covers shipment of the merchandise to Purchaser's destination, and replacement or credit for damaged merchandise if the steps listed here are followed. PURCHASER WILL NOT REFUSE OR RETURN GOODS, OR THE RIGHT TO FILE A CLAIM IS LOST AND PURCHASER WILL STILL BE LIABLE FOR THE MATERIAL AND THE FREIGHT. When Purchaser receives shipment: 1) Count all cartons. 2) Inspect all cartons for external damage. 3) Check for open or resealed cartons. 4) Note any damages, shortages, open or resealed cartons on the delivery receipt; the carrier's representative must also sign the receipt. 5) Open all boxes immediately and inspect for damage due to weather-related issues, such as scorched, frozen or broken plants; material shortages; etc. NOTIFY SELLER IMMEDIATELY IF A SHIPMENT IS DAMAGED. Call the Ball Traffic Department at **800 879-BALL** to report the damage and receive details on what is needed to file a claim.

Cancellation Policy

Cancellations for unrooted cuttings must be received at least 30 days prior to scheduled ship date. Cancellations for liners or seed-raised plugs must be received prior to stick or sow date.

Notice & Return

Seller shall have no liability for any defect unless notice is given promptly, not to exceed thirty (30) days after such defect is or should have been discovered. No merchandise may be returned without Seller's prior written authorization. Requests to return merchandise must be made within ten (10) days after delivery. All returns must be in accordance with Seller's shipping instructions with freight paid by Purchaser. All requests for return of merchandise must be made to Ball at **800 879-BALL**. The Purchaser will also be asked to provide a letter stating the reason for the return.

The order number or invoice number must accompany the return in order to expedite the credit. NOTE: No seed will be accepted without prior notification to Ball at **800 879-BALL**. Effective immediately, seed that is returned without authorization will not be accepted and credit will not be issued. For all customers in the United States, a FedEx call tag will be issued upon authorization of return. There is a \$10.00 freight charge for the FedEx return. Seed must be returned in the original condition within thirty (30) days of the ship date for full credit. No open packages will be accepted. If seed is returned within thirty one (31) to sixty (60) days after ship date, full credit will be given but a 15% restocking charge will be assessed. No credit or replacement will be given for seed returned after sixty one (61) days from our ship date. Because Ball® Controlled Growth seed is perishable and has a shorter shelf life, no returns of these products will be accepted.

Delays, Shortages & Substitutions

Seller shall not be responsible for delays in delivery or for losses resulting from such delays. Seller reserves the right to make partial shipment. In the event of shortages, Seller may substitute such other, similar merchandise as is available.

Plant Protection

Varieties described herein may be protected by United States Plant Variety Protection, United States Plant Patents, Utility Patents, and/or Plant Breeders' Rights. Many of the varieties are also protected by the Flowering-Only License Agreement as well as registered with the Canadian Ornamental Plant Foundation. These varieties may not be reproduced without authorization. The breeder or authorized representative has the right to inspect customer's nurseries during normal business hours to assess compliance with the restrictions on use of protected varieties.

Trademarks

Trademarks are the property of Ball Horticultural Company, unless otherwise indicated.

Notice Regarding Seed-Borne Diseases

Seller makes no representation regarding the freedom from seed-borne diseases of the seed sold and disclaims any liability relating to such diseases, whether previously known to exist or not identified until this seed is grown.

All seeds and plants for the Burpee varieties listed in this catalog are available from Ball Seed.

Burpee knows small-space gardening

Burpee is the leader in providing products and programs that are perfect for smaller gardens. Products like the **Take 2 Lights, Camera and Action Tomato Combos** pictured here and on the cover are the ideal space-savers for your customers who want to grow fresh vegetables but prefer a smaller space for gardening in. Growing two tomato plants in the same container means home gardeners can enjoy big slicers and sweet cherry tomatoes all Summer long - getting twice the flavor from half the space. Talk to your Burpee Program Representative today about creating your own small-space program.

A known and trusted brand for over 135 years, Burpee is all about high-performance plants, all-season support and successful gardeners. BurpeeHomeGardensBrand.com
