

# 2014 Plug & Liner New Varieties

NEW *Heliopsis* Sunstruck

DarwinPerennials®

**Worth the Extra Effort**

Welcome to the 2014 Darwin Perennials Plug and Liner Catalog! In this year's edition, we are excited to introduce new, innovative genetics such as Monarda Balmy Purple and Heliopsis Sunstruck from our worldwide breeding resources. We have also made it easy to source vegetative liners from the extensive perennial assortment from Florexplo including their 2014 introductions. Not only are new varieties important, but the form and size via regional suppliers make it easy to grow your perennial program with us.

We strive for improvement and innovation, not imitation. What's more, our extensive trialing ensures consistent performance from greenhouse to garden. Look for the "Trialed & Approved" stamp throughout these pages for varieties you can grow with the most complete confidence.

Like you, we put a lot into every plant we sell – because it's worth the effort! Let me know how these new varieties work for you. You can reach me at 630 588-3107 or [mklopmeier@ballhort.com](mailto:mklopmeier@ballhort.com).

*Mike Klopmeier*

General Manager

**Always Improving...For You**

Bolder colors. Better branching. Longer shelf life. These are just a few of the genetic advancements you'll see in our new varieties for 2014. From the outstanding habit of our New Vintage Achillea series to the super-sized blooms on Venice Blue Veronica, every variety has been carefully bred and specially selected to ensure your growing success.

NEW Achillea New Vintage Red

NEW Veronica Venice Blue

# Tidier Habit

NEW Achillea New Vintage Red

NEW Achillea New Vintage Rose

NEW Achillea New Vintage Violet

NEW Achillea New Vintage White

ACHILLEA (YARROW) ☀

## New New Vintage™ Series

*Achillea millefolium*

Red 'Balvinred' PPAF

Rose 'Balvinrose' PPAF

Violet 'Balviolet' PPAF

White 'Balvinwhite' PPAF

**Height:** 12 to 14 in. (30 to 35 cm)

**Bloom Months:** June to July

**USDA Hardiness Zones:** 4 to 9

**A Darwin Perennials Introduction.**

- Tidy plant habit with no gap between foliage and flowers – outstanding in containers.
- Bold colors mature to attractive shades instead of fading to brown like other varieties.
- Great for early Summer one-gallon programs.

# Fresh Color

## Song Siren™ Series

*Achillea millefolium*

**Laura** 'Laura'

**New Layla** 'Layla'

**Little Susie** 'Little Susie'

**Pretty Woman** 'Pretty Woman'

**Height:** 20 to 22 in. (50 to 55 cm)

**Bloom Months:** June to September

**USDA Hardiness Zones:** 4 to 9

**A Darwin Perennials Introduction.**

- New Layla brings a rich violet color to a garden-height Achillea.
- Color holds up well in the garden.
- Ideal for two-gallon Summer programs.

“A long-lasting variety with an attractive price point.”

Karl Batschke, Global Product Manager, Perennials

**NEW Achillea Song Siren Layla**

Achillea Song Siren Laura

Achillea Song Siren Little Susie

Achillea Song Siren Pretty Woman

NEW Arabis Lotti White

NEW Arabis Lotti White

NEW Arabis Lotti Deep Rose

**ARABIS (ROCK CRESS)** ☀️

**New Lotti Series**

*Arabis caucasica*

**Deep Rose White**

**Height:** 4 to 6 in. (10 to 15 cm)

**Bloom Months:** April to May

**USDA Hardiness Zones:** 4 to 7

- Uniform, well-branched and tight habit means controlled and salable plants.
- Lotti can be harvested in one run, no need to "pick and choose."
- Deep Rose won't fade like similar color Arabis.

**ARMERIA (THRIFT, SEA PINKS)** ☀️☀️

**New Ballerina Formula Mixture**

*Armeria pseudoarmeria*

**Height:** 8 to 10 in. (20 to 25 cm)

**Bloom Months:** April to May

**USDA Hardiness Zones:** 7 to 9

- Includes all colors in the Ballerina series: Lilac, Red and White.
- High-quality and programmable, this first-year-flowering perennial fits right into your early-season program.
- Floriferous and uniform.

NEW Armeria Ballerina Formula Mixture

NEW Campanula Genti Blue

**CAMPANULA (BELLFLOWER)** ☀️

**New Genti Blue New Genti White**

*Campanula glomerata*

'Genti Blue' PPAF

'Genti White' PPAF

**USDA Hardiness Zones:** 3 to 8

NEW Campanula Genti White

NEW Armeria Ballerina Formula Mixture

**COREOPSIS (TICKSEED)** ☀️

**Cosmic Evolution**

'Cosmic Evolution' PP22,943

**USDA Hardiness Zones:** 5 to 10

**Solanna Golden Sphere**

*Coreopsis grandiflora*

'Solanna Golden Sphere'

**USDA Hardiness Zones:** 4 to 9

**Hardy Jewell Series**

**Citrine** 'Citrine' PP22,478

**USDA Hardiness Zones:** 6 to 10

**Garnet** 'Garnet' PP22,485

**USDA Hardiness Zones:** 7 to 10

**Ruby Frost** 'Ruby Frost' PP21,758

**USDA Hardiness Zones:** 6 to 10

**Permathread™ Red Satin**

'Permathread Red Satin' PPAF

**USDA Hardiness Zones:** 5 to 10

**Star Cluster**

'Star Cluster'

**USDA Hardiness Zones:** 5 to 10

**New Cruizin' Series**

*Coreopsis verticillata*

**Broadstreet** 'Broadstreet'

**Electric Avenue** 'Electric Avenue'

**Main Street** 'Main Street'

**USDA Hardiness Zones:** 5 to 10

**NEW Digitalis Dalmatian Purple Improved**

**DIGITALIS (FOXGLOVE)** ☀️🌱

**Dalmatian F1 Series**

*Digitalis purpurea*

**Crème**

**Peach**

**New Purple Improved**

**Rose**

**New White Improved**

**Height:** 16 to 20 in. (40 to 50 cm)

**Bloom Months:** June to July

**USDA Hardiness Zones:** 5 to 9

- Two improved colors make the series more uniform in habit and flowering.
- First-year-flowering perennial series is ideal for programmable production.
- Well-branched plants with compact foliage make exceptional retail endcaps.

**“Strong colors on good-quality spikes - check out the unique peach shade!”**

Claire Watson, Product Marketing Manager

**New Flamenco Orange** 'Balsomenco' PPAF; US7,982,110

**Hot Coral** 'Balsomcor' PP23,097; US7,982,110

**Lemon Yellow** 'Balsomemy' PPAF; US7,982,110

**Salsa Red** 'Balsomsed' PP23,105; US7,982,110

**Sandy Yellow** 'Balsomselo' PP23,104; US7,982,110

**Height:** 24 to 26 in. (60 to 65 cm)

**Bloom Months:** June to August

**USDA Hardiness Zones:** 4 to 9

**A Darwin Perennials Introduction.**

- **New Flamenco Orange** is every bit as well branched and winter-hardy as the rest of the series, with a similar habit to Salsa Red.
- Highly floriferous series features bright, rich colors.
- Plant Sombrero in the Spring and sell it the same year.

“We increased our liner availability to supply it when you want it from high-quality liner growers.”

# Biggest Blooms

NEW *Heliopsis* Sunstruck

**HELIOPSIS (OX-EYE)** ☀

**New Sunstruck**

*Heliopsis helianthoides*  
'Sunstruck' PPAF

**Height:** 14 to 16 in. (35 to 40 cm)

**Bloom Months:** June to August

**USDA Hardiness Zones:** 4 to 9

**A Darwin Perennials Introduction.**

- Sunstruck boasts the largest flowers in its class, with eye-catching variegated leaves for impulse appeal even before it's in flower.
- Compact habit is easier to ship and looks better at retail.
- Blooms 4 to 6 weeks earlier than other *Heliopsis* and stays in flower all Spring and Summer.
- Produces full one-gallon containers with more plants per rack and lower input costs.

# Affordable Color

HEUCHERA (CORAL BELLS) 

## Carnival Series

*Heuchera villosa hybrid*

**Cocomint** 'Carnival Cocomint' PPAF

**Coffee Bean** 'Carnival Coffee Bean' PPAF

**New Fall Festival** 'Carnival Fall Festival'

**Limeade** 'Carnival Limeade' PPAF

**Peach Parfait** 'Carnival Peach Parfait' PPAF

**Plum Crazy** 'Carnival Plum Crazy' PPAF

**New Rose Granita** 'Carnival Rose Granita'

**Silver Streak** 'Carnival Silver Streak' PPAF

**Watermelon** 'Carnival Watermelon' PPAF

**Height:** 10 to 12 in. (25 to 30 cm)

**Bloom Months:** April to May

**USDA Hardiness Zones:** 4 to 9

**A Darwin Perennials Introduction.**

- **New Fall Festival** has leaves in shades of bronze, green and silver.
- **New Rose Granita** has bright silver-rose leaves and a great mounding habit.
- Full color assortment of well-matched varieties.
- Series is great for one-gallon programs and shade mixed containers.

**NEW Heuchera Carnival Rose Granita**

**“Finally! Outstanding, bright Heuchera at an affordable input cost.”**

LAVANDULA (LAVENDER) ☀️

**New Anouk Supreme**

*Lavandula stoechas*

'Anouk Supreme' PPAF

Also available:

**Anouk** 'Anouk' PP16,685

**Silver Anouk** 'Silver Anouk' PP20,068

**Height:** 14 to 18 in. (35 to 45 cm)

**Bloom Months:** April to September

**USDA Hardiness Zones:** 6 to 9

**A Darwin Perennials Introduction.**

- Extremely tolerant of weather and humidity, for fewer losses in production and shipping.
- Excellent shelf life at retail and high resistance to foliar disease.

“We’re always looking out for your bottom line. You’ll minimize loss with Anouk Supreme. It withstands weather and humidity better than other *L. stoechas*.”

Jeff LaCourse, National Accounts Manager

**NEW Lavandula Anouk Supreme**

Lavandula Anouk

Lavandula Silver Anouk

**NEW Lavandula Luxurious**

**New Luxurious**

*Lavandula stoechas*

'Luxurious' PPAF

**Height:** 12 to 16 in. (30 to 40 cm)

**Bloom Months:** April to May

**USDA Hardiness Zones:** 6 to 9

**A Darwin Perennials Introduction.**

- Luxurious stands up to boxing and shipping better than other Spanish Lavenders.
- Outstanding weather and humidity tolerance.
- Long-flowering variety is also very resistant to foliar disease.
- Best post-harvest shelf life.

# Cleanest Foliage

NEW Monarda Balmy Purple

MONARDA (BEE BALM, BERGAMOT) 

## New Balmy Purple

*Monarda didyma*  
'Balbalmurp' PPAF

**Height:** 10 to 12 in. (25 to 30 cm)

**Bloom Months:** June to July

**USDA Hardiness Zones:** 4 to 9

### A Darwin Perennials Introduction.

- Balmy Purple beats competing commercial cultivars in powdery mildew resistance.
- Nice, full, compact habit.
- Reliable variety flowers early and long.
- Deer and rabbit-resistant.

## New Purple Lace

'Purple Lace' PPAF

**USDA Hardiness Zones:** 4 to 9

NEW Monarda Purple Lace

# Unique Habit

**PEROVSKIA (RUSSIAN SAGE)** ☀️

## **New CrazyBlue**

*Perovskia atriplicifolia*

'CrazyBlue' PPAF

**Height:** 16 to 18 in. (40 to 45 cm)

**Bloom Months:** July to August

**USDA Hardiness Zones:** 4 to 9

**A Darwin Perennials Introduction.**

- Unique mounding habit and interlacing branches for less breakage during shipping.
- Looks good longer at retail and in patio containers.
- Deeper blue flowers than other Perovskia.

## **Lacey Blue**

*Perovskia atriplicifolia*

'Lissit' PP20,845

**Height:** 12 to 18 in. (30 to 45 cm)

**Bloom Months:** July to September

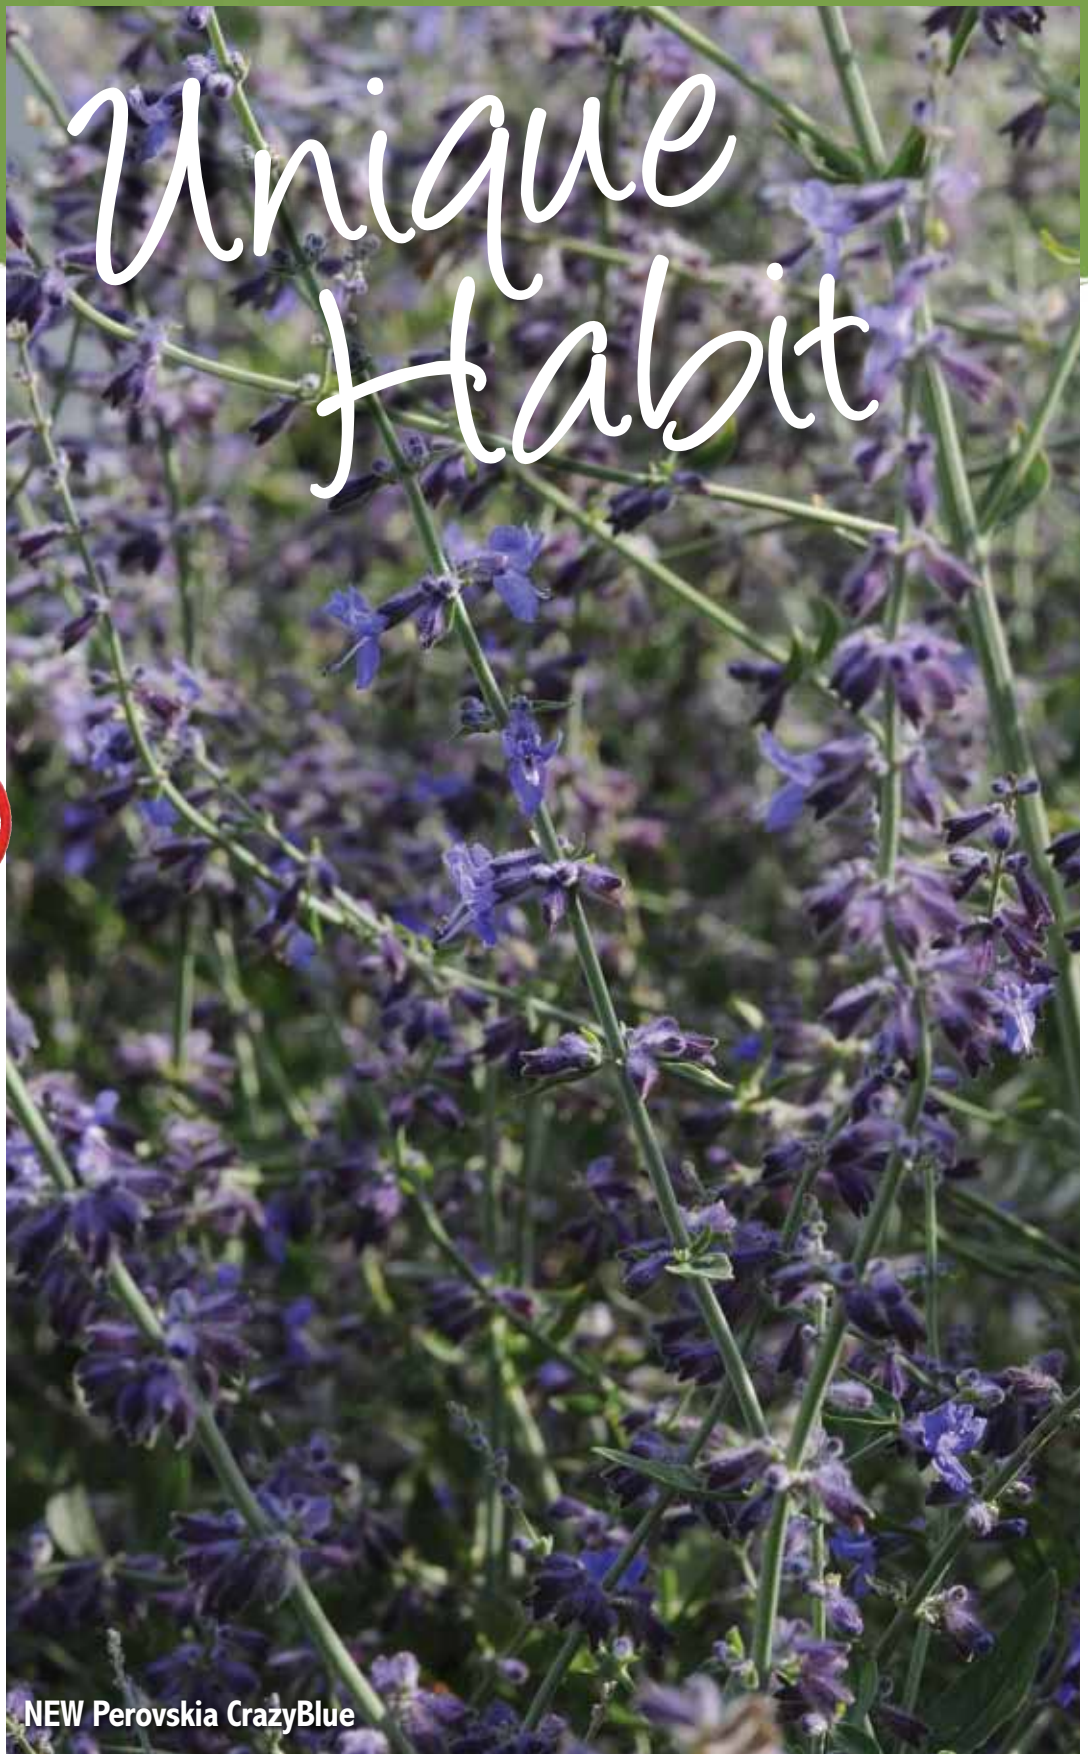

**USDA Hardiness Zones:** 4 to 9

**A Darwin Perennials Introduction.**

- Truly dwarf variety stays small in subsequent years.
- Features the largest flowers of any Russian Sage.
- Compact enough to hold together in wind and rain and during shipping.
