

FIRST-YEAR-FLOWERING PERENNIALS: FINISHING VEGETATIVE CROPS

VIDEO: https://youtu.be/oNJy_mlq2OQ

Chris Fifo takes some time to walk you through a comprehensive Finishing Guide developed by his team at Darwin Perennials, covering all factors of plant growth related to first-year-flowering vegetative perennials. Then he unveils what has been called "the most significant scheduling tool for perennial growers," a dynamic digital way to nail the timing for all key perennial classes.

Be sure to click the scheduling tool link below to save a whole lot of hassle for your production planning team. Chris ends this video by calling out his top picks for FYF perennials.
