Moderate vigor

Versatile

Unique and specialty colors

Compatible with Super Elfin XP

Divine™

Seed New Guinea proven to match vegetative performance

Well-branched with moderate vigor

306 pack and larger

Well-matched color range

One-week flowering window

Impreza®

Pictured: Impreza Series

Impreza provides better holdability and the longest shelf life of any impatiens, maximizing sales and minimizing waste.

Reduced apical dominance means less upward stretch for easier plant management and better holdability.

Decreased internode length and good soil coverage combine for potentially less use of growth regulators.

Grower-friendly series is the perfect fit into high-density programs.

All 10 colors finish in a 5 to 7-day window, letting you adjust the color assortment to meet market needs and ship efficiently.

Very good garden fill; plants stay full and look great all season with less lodging.

Impatiens walleriana

Height: 6 to 8 in./15 to 20 cm

Spread: 12 to 14 in./30 to 35 cm

The plant "skeleton" of Impreza plants (left) results in better holdability than the competition (right).

All colors look great all season; Pink shown.

Dazzler®

Pictured: Merlot Mix

An excellent landscape choice with large blooms across a wide color range.

Dazzler fills in fast with masses of large, 1.5-in. (4-cm) flowers and displays controlled, manageable vigor all season long.

Well-matched series comes into bloom together and flowers freely right up until frost.

Tremendous performer in packs, 4-in. (10-cm) pots and baskets.

Impatiens walleriana

A Ball Seed exclusive selection.
