

High-End Landscape Performer with a Soft Touch

Cousin Itt

Native to Australia, this plant performs as well in the landscape as it does in pots at retail. Acacia Cousin Itt prefers some landscape irrigation – it is very heat tolerant, but not as drought tolerant, so it is best used in high-end irrigated landscapes. Use this plant to provide an amazing landscape feature with delicate, soft, touchable foliage.

ACACIA ☀️

A. cognata

Cousin Itt 'Mini Cog' PPAF

Height: 3 ft. (0.9 m)

Spread: 4 ft. (1.2 m)
