

Cutting-Edge Agonis for Tough Urban Streets

'Burgundy'

With its modern burgundy foliage and large, dense screening, this is your absolute best "GoTo" landscape plant for a contemporary designer look. Forget everything you thought you knew about Agonis - this Agonis Burgundy retains foliage from the base to the tips of the tree, creating a dense screening shrub or small tree with burgundy tips all year long.

AGONIS

(PEPPERMINT WILLOW)

A. flexuosa

'Burgundy' PPAF

Height: 25 to 30 ft. (7.5 to 9 m)

Spread: 15 to 30 ft. (5 to 9 m)

Zones: 9a to 11

Australian native shrub with beautiful, delicate, feathery foliage and small, white tea-tree-type flowers

Very heat and drought tolerant; well-suited to tough urban landscapes
