

RAISING THE BAR FOR SEED QUALITY

You'll always get **the best seed** when you order from Ball Seed®. We start with premium seed that has been tested and approved by our **Ball Premier Lab**. We developed Ball's high-energy seed forms, seed-testing protocols, Ball Vigor Index rating for seed quality, plus superior seed coating and pelleting techniques. More than 80% of our seed inventory is treated to **improve production efficiency** for our growers.

To **maintain our seed quality**, we store it under prime temperature conditions, and continue to test and retest, so we always have a **full inventory** of high-performance, **high-quality seed** available to you.

We want to introduce you to our superior service and supply. Call **Jim** at **630/231-3600, ext. 3464**, connect with us at **BallSeed.com/welcome** or call **800 879-BALL** today.
