AngelDance™

Huge flowers are vibrant against dark green leaves. Excellent landscape performance. Taller and more vigorous than Archangel, with more flexible stems.

- Thrives in extreme heat, humidity and drought.
- Height 14-18 in. / Spread 12-14 in.

AngelMist®

Extreme heat, humidity and drought are no match for AngelMist. It offers the most colors and habits of any Angelonia, with varieties available for all container sizes.

- Height 4-10 in. / Spread 12-20 in.

AngelFlare™

- Plants produce vibrant blooms and are heat-tolerant. Works in very hot and humid regions.
- Scented foliage and low maintenance.
- Ideal for combos with other heat-loving items.

- Height 8-12 in. / Spread 12-18 in.

Angelissa™

Beautiful blooms offer worry-free performance in any application.

- Large flower spikes on sturdy stems are perfect for mixed combos.
- Makes an ideal component plant for SunPatiens and SuperCals.
- Height 12-16 in. / Spread 10-12 in.

Archangel™

The biggest blooms; three times larger than other varieties!

- Thrives in extreme heat, humidity and drought.
- Height 12-14 in. / Spread 10-12 in.

Guardian Angel™

- Tall stems with huge flowers against dark green leaves.
- Taller and more vigorous than Archangel, flowers earlier too.
- Height 16-18 in. / Spread 10-12 in.

Fuchsia

Ballerina Brise

These exotic looking beauties are favorites for their pendant flowers in a wonderful range of color combinations.

- They are versatile, growing happily in sun or semi-shade.
- These hard-working plants will flower all summer long, filling borders, beds, window boxes, hanging baskets and patio containers.
- Fuchsia come in all shapes and sizes too, so there is something to suit every garden, no matter how large or small.
- All of our Fuchsia are grown in a liner 25 mm Elle pot with a single pinch.

Ballerina®

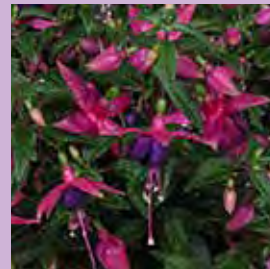

- Day-neutral series
- Excellent branching without PGR and no pinch required
- Great heat tolerance

Presto™

- The most uniform, compact, dark-leaved zonal geranium series.
- Presto produces a strong first flush of flowers — 3 to 4 blooms.
- Height 8-10 in. / Spread 8-10 in

Rocky Mountain

Excellent heat tolerance and bred to thrive all summer in North American climates and landscape planting.

- Height 14-18 in. / Spread 16-20 in

Solera

Medium-sized plants keep their blooms all season long. Interspecific breeding means great heat tolerance and longevity in the garden and containers. Dark leaves and bright blooms.

- Height 10-12 in. / Spread 12-14 in.

SunPatiens

SunPatiens® offer way more than just “Impatiens for the Sun!” Whether used in baskets, patio pots or in the landscape, these remarkable plants combine massive flower power with tough, easy-care plants that deliver continuous color for three seasons; sun or shade, rain or shine, scorching heat or high humidity.

While SunPatiens® have a proven reputation for outstanding performance in the garden; their impressive features are not limited to outdoor displays. Growers benefit from their fast rooting, shorter production time, and low energy requirements.

Compact®

- Bred for smaller container production and stronger retail appeal.
- Shorter internodes and exceptional branching for dense, bushy plants.
- No PGR's required when grown as directed (see SunPatiens.com for culture).
- Grows 24–36 in. tall in the landscape.

Surdiva™

One of the most heat tolerant plants around and offers continuous color even through summer and bad weather

Blooms well into the fall.

• Height 8-14 in. / Spread 18-24 in.

Sunny™

This vigorous vine produces brightly colored flowers all summer. The flowers are larger than those of seed-grown varieties.

• Height 60-96 in. / Spread 16-24 in.

Summer Wave®

- Creeping, spreading habit.
- Withstands heat and disease.

• Height 8-10 in. / Spread up to 30 in.

Verbena

Beats™

Naturally compact, spreading habit and major flower power long into summer. Flowers earlier than other verbena, forming a perfect ball of color.

- Height 6-8 in. / Spread 10-12 in.

Blues

Large, vigorous, upright, semi-trailing sun lover.

- Height 10-12 in. / Spread 12-18 in.

Cadet™

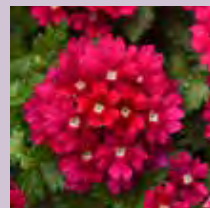

- Flowers earlier than other upright Verbenas.
- Same heat performance as Endurascape.
- Height 8-10 in. / Spread 12-14 in.

Order Information

All orders are placed through Ball Horticultural Company. For more information visit www.ballhort.com, contact your sales representative or call 1-800-879-2255.

Tray Sizes:

- Trixis, MixMasters, Confettis – liner 34
- Begonias, Geraniums – 40mm / liner 50
- Specialty garden – 25mm / liner 102
- Specialty garden – 25mm / liner 51
- Dracaena – 512 plug tray or liner 102
- Due to boxing, Dracaena sold in a 102 tray is pull-packed if shipping via Federal Express Overnight, Groex or Air Freight.
- Perennials - 40mm / liner 50; 25mm / liner 102 & liner 51

Variety multiples:

- Liner 34: 34 Billed as 34
- Liner 50: 51 Billed as 50
- Liner 51: 51 Billed as 50
- Liner 102: 102 Billed as 100
- Plug 512: 512 Billed as 400

Packing Information:

Plants are packed in our FedEx approved boxes as follows:

- Liner 34: 68 / 2 trays
- Liner 50: 100 / 2 trays
- Liner 102: 300 / 3 trays
- Liner 51: 300 / 6 trays
- Pull Packs: 200 / 2 trays
- Plug 512: 800 / 2 trays
- Due to the difference in the plant habit of our wide product list, it is possible that a different box configuration may be used.
- Due to freight charges, full boxes are recommended. You can mix tray sizes and divisions.
- TAGS are automatically drop shipped from John Henry. We DO NOT ship tags with any product.
- Phytosanitary certificate charges apply when applicable.
- Subject to tariff related charges when applicable.

Shipping Methods:

Routed by Ball Horticultural Company traffic department.

- Grower truck
- FedEx Overnight
- Van Freight or LTL Freight
- Customer pickup available
Wednesday – Friday with 24 hour notice
- GROEX (Zone skipping, ask Ball's traffic department for details)

Getting it there by grower truck.

Over 90% of what we grow is direct-delivered to customers on our company-owned fleet of temperature-controlled trucks. Each week we review all orders to designated geographic areas to be sure to offer "grower truck" if possible.

While we do have a published minimum quantity for grower-truck service, we do deliver fewer than minimum if on or near an existing route. Many of our customers combine two ship weeks together (generally by having us hold an order one week to combine with a subsequent order) to qualify for grower-truck service.

Grower-truck service is a cost effective, safe and sure way to insure your plants arrive in good condition. Feel free to call us to discuss how we can make grower truck work for you.
