Just Like Being There!

Container Solutions 2020

- Even though we did not have our customary planting demonstrations, the Container Solutions Team was hard at work this summer to prove plant performance and provide inspiration with our passion for container design.
- Containers planted Memorial Day week and lasting throughout the summer.
- NO special pruning, grooming, or special care- especially since the Team worked from home this summer.
- Surveys for those joining us at the Gardens ranked Container Solutions among the highlights of their visit!
- We have called out our favorites in a video at <https://www.ballseed.com/CustomerDays>
